

March 22, 1965

Mr. Don G. Fowler
Lead Industries Association, Inc.
292 Madison Avenue
New York 17, New York

Dear Don:

I wonder whether you have some supply of "Industrial Lead Poisoning", the chapter from Patty; Industrial Hygiene and Toxicology, from which you could provide some additional copies for me.

I have been using these for two purposes: (a) a copy to each of our graduate students, during the period of my instruction in this field; and (b) a copy to one or more persons in lead industries that are in need of advice, guidance and written instructions of general and specific types. These uses of this material, I believe, are just what your organization (at least what you yourself) would think appropriate. If therefore you can let me have some additional copies (whatever you can spare), I shall be most appreciative.

With best regards,

Sincerely,

Robert A. Kehoe, M.D.
Director
