Thank you again for the help today, Troy. I recall Administrator Pruitt mentioning that EPA had located a peer reviewed 2015 study. Would it be possible for us to get a copy of that study? I think our Environmental Quality and Health and Human Services experts would benefit from seeing it.

Kind regards,

Thanks, William.

I have copied Liz and Amy in our comms shop.

As background for the comms folks—the Gov and Admin had a productive phone call this morning to discuss GenX and the Cape Fear River. Both agreed to work together to find a solution to this problem.
