DOCUMENT DESCRIPTION: 1973 Letter to RB Moran from HA Eschenbach regarding labeling MK

CAMBRIDGE

T. L. L.

TO: R.B. Moran - Dallas

DATE: April 3, 1973

APR 4 1973

FROM: H.A. Eschenbach

SUBJECT: Labelling of MK-3 Bags

CC: T.L. Lyall
R.L. Junker - Dallas

Dear Mike:

I'm very happy to hear that the OSHA inspection caused no problems and am awaiting Bob's memo for details.

The problem of labelling MK-3 bags has been discussed at great length here in Cambridge and a decision was imminent. Unfortunately, in a few days the EPA will issue new standards which make the subject of little more than academic interest. Apparently, products containing more than 1% asbestos will be banned either immediately or within 90 days. This will necessitate a switch to MK-4 or 5 at all plants almost immediately. I am certain that Tom Feit will send more detailed information shortly.

Yours truly,

H.A. Eschenbach
