3 copies made:

- 1 - Mellon Institute
- 2 - Industrial Hygiene files

Feb. 4, 5 and 6 - One and a half days were devoted to preparation of detailed methods of analysis for lead, nitrous oxides, chromic acid mist, sulfur dioxide and fluorides. These methods were requested by Youngstown Sheet and Tube Co.

A total of one day was spent compiling tables of results for the North American Refractories Co. reports. Miscellaneous office and laboratory duties were performed.

Feb. 7, 8 and 9 - One and a half days were devoted to the St. Joseph Lead Co. sulfur dioxide study. One round of all stations was made on Feb. 7.

Discussed our methods of appraisal with Mr. Petnick and Mr. Cullimone of the Metropolitan Life Insurance Co.

Miscellaneous office and laboratory duties were performed.
