Thanks for the reply, Samantha. And Nancy sounds like an excellent addition. What is your phone number so that I can chat with you about these?

I appreciate your willingness to speak; thank you.

AJ, happy to announce that, but it may make sense to also include Nancy Beck as a speaker – she just started in our pesticide and chemicals office as the Deputy Assistant Administrator. I will check and see if she can join me.

I know that you had planned to confirm everything for me Friday, but since you previously offered up Samantha to replace Ryan and the Administrator on the 16th/17th, can the Vinyl Institute announce to their members she will speak, or would you prefer I delay that for now?

I appreciate you, A.J. Ferate
