OBJECTIONS TO DEFINITIONS

Defendant objects to the stated definition of the terms "Defendant," "You," "Your" and "Your Company" on the grounds it is overly broad and seeks to extend the definition beyond the scope of discovery allowed under the Texas Rules of Civil Procedure, including but not limited to inquiries relating to subsidiaries, foreign subsidiaries and other separately incorporated non-parties thus rendering the Plaintiff's stated definitions overly broad, vague and improper.

Defendant objects to the stated definition of the terms "Document," "Documents," "Written Materials" and "Printed Materials" on the grounds it is overly broad, vague and clearly outside the scope of permissible discovery under the Texas Rules of Civil Procedure. This Defendant would specifically object to the attempt to extend the definition of these terms as requiring the responding party to make a determination of what documents may be responsive to these Interrogatories and Requests for Production "regardless of who now has or formerly had custody, possession or control" on the ground that is clearly outside the scope of permissible discovery and could be construed as seeking disclosure of information that would be protected from discovery by virtue of the attorney work product exemption afforded by the Texas Rules of Civil Procedure and the Texas Rules of Civil Evidence.

Defendant would further object to the stated definition of the terms "Meeting" or "Meetings" on the grounds it is so overly broad and vain and renders each discovery request to which it may apply incapable of being answered; and therefore, improper under the Texas Rules of Civil Procedure.

Defendant objects to the stated definition of the terms "products containing asbestos fiber," "asbestos containing products" and "asbestos products" on the grounds it is overly broad, vague and not limited to the matters made the basis of this lawsuit and therefore, seeks disclosure of information and/or the production of documentation wholly irrelevant to any material issue in this case and not reasonably calculated to lead to the discovery of admissible evidence.

Defendant objects to the stated definition of "Defendant's Premises" or "Plant" or "Facility" on the grounds that it is overly broad, vague, ambiguous and fails to specify what plant(s), facility(ies) or location(s).

PRELIMINARY STATEMENT

Plaintiff Joe Short has given a deposition and has not identified any facility owned or operated by Huntsman Petrochemical Corporation (f/k/a Texaco Chemical Company). Further, Texaco Chemical Company was not incorporated until October 1984, well after the Plaintiff's specified "years at issue" of 1981 and 1982. Prior to 1984 Texaco Chemical Company was an unincorporated division of Texaco Inc. and thus Texaco Inc.'s responses and objections are adopted for that time period prior to 1984. Thus, in light of this fact, and the fact Plaintiff Joe Short never worked at any facility owned or operated by Huntsman Petrochemical Corporation (f/k/a Texaco Chemical Company), this Defendant is not a proper party to this litigation and has no responsive information relevant to this case. To the extent necessary, this defendant adopts and incorporates any and all objections to these requests filed by Texaco Inc. herein.

**PLAINTIFF'S INTERROGATORIES,
REQUESTS FOR PRODUCTION,
AND REQUESTS FOR ADMISSION**

INTERROGATORY NO. 1:

For each person who has supplied any information used in answering these interrogatories, state the name, address, job title, length of time employed by Defendant, and a year-by-year list of all other positions, titles, or jobs held when working for Defendant.

RESPONSE:

Objection. Answers to these Interrogatories are being made by Huntsman Petrochemical Corporation, a corporation as required by the Texas Rules of Civil Procedure, and verified in accordance with the Texas Rules of Civil Procedure.

REQUEST FOR ADMISSION NO. 1:

Admit that Defendant ordered, purchased or otherwise acquired asbestos-containing products, asbestos-containing friction products, and/or machinery requiring the use of asbestos or asbestos-containing products.

RESPONSE:

Defendant objects to this Request because the same is vague and overly broad as it is unlimited as to time and location. Subject to the foregoing objections and without waiving same, Defendant would respond, based on the Preliminary Statement above, DENIED as phrased.

REQUEST FOR PRODUCTION NO. 1:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

RESPONSE:

N/A - See Preliminary Statement.

REQUEST FOR ADMISSION NO. 2:

Admit that asbestos-containing products, asbestos-containing friction products, and/or machinery requiring the use of asbestos or asbestos-containing products were utilized on Defendant's Premises during the years at issue.

RESPONSE:

Defendant objects to this Request because it is vague. This Request fails to define "utilized". Further, Defendant would respond, based on the Preliminary Statement, DENIED as phrased.

INTERROGATORY NO. 2:

If you admit the foregoing request, please list all asbestos-containing products used at Defendant's Premises and for each product state the following:

- a. What these products were used for
- b. From whom these products were purchased
- c. Where these products were installed
- d. Specific persons or contractors who install these products
- e. The first year each product was no longer purchased and installed on Defendant's Premises

ANSWER:

Defendant objects to this Interrogatory because it is overly broad, lacks specificity and is unduly burdensome. Further, the Interrogatory is not limited to the time periods and corresponding specific premises sites relevant in this case, not limited to the contractors for whom the Plaintiff worked, nor limited to the matters made the basis of this case, specifically alleged exposures to asbestos-containing thermal insulation products, and the Interrogatory is not reasonably calculated to lead to the discovery of admissible evidence.

Subject to and without waiving the foregoing objections, see Preliminary Statement.

REQUEST FOR PRODUCTION NO. 2:

Produce all ordering and sales documents pertaining to the purchase or acquisition of such asbestos-containing products for use at Defendant's Premises, including but not limited to invoices, price quotations, purchase orders, requisitions, bills of lading, and other purchasing and/or shipping documents of the similar nature.

RESPONSE:

Defendant objects to this Request because it is overly broad, lacks specificity and is unduly burdensome. Further, the Request is not limited to the time periods and corresponding specific premises sites relevant in this case, not limited to the contractors for whom the Plaintiff worked, nor limited to the matters made the basis of this case, specifically alleged exposures to asbestos-containing thermal insulation products, and the Request is not reasonably calculated to lead to the discovery of admissible evidence.

Subject to and without waiving the foregoing objections, see Preliminary Statement.

REQUEST FOR ADMISSION NO. 3:

Admit that during the time Plaintiff was working on Defendant's Premises, it was foreseeable that asbestos-containing products on Defendant's Premises would or could be removed, stripped, replaced or repaired at some time after installation.

RESPONSE:

Defendant objects to this Request in that it is vague, assumes facts not in evidence, and improperly asks Defendant to admit a proposition of law. *See Esparza v. Diaz*, 802 S.W.2d 772, 775 (Tex.App. — Houston [14th Dist.] 1990, no writ).

Subject to and without waiving the foregoing objections, see Preliminary Statement, otherwise DENIED.

INTERROGATORY NO. 3:

Please state whether any asbestos-containing products in place or in use at Defendant's Premises have been abated at any time.

- a. If so, list each person or company that performed such abatement services (including address and telephone number)
- b. State the dates and locations of each abatement procedure;
- c. State which asbestos-containing products were abated.

ANSWER:

Defendant objects to this Interrogatory because it is overly broad, lacks specificity and is unduly burdensome. Plaintiff was not involved with asbestos abatement. Further, the Interrogatory is not limited to the time periods and corresponding specific premises sites relevant in this case, not limited to the contractors for whom the Plaintiff worked, nor limited to the matters made the basis of this case, specifically alleged exposures to asbestos-containing thermal insulation products, and the Interrogatory is not reasonably calculated to lead to the discovery of admissible evidence.

Subject to and without waiving the foregoing objections, see Preliminary Statement.

REQUEST FOR PRODUCTION NO. 3:

Produce all documents that in any way pertain to abatement of asbestos-containing materials on Defendant's Premises, including but not limited to a removal plan or organized written criteria or schedule for the removal of asbestos at Defendant's Premises, and in operation and maintenance plan.

RESPONSE:

Objection. Defendant objects to this Request because it is overly broad and unduly burdensome. Further, the Request is not limited to the time periods and corresponding specific premises sites relevant in this case, nor limited to the matters made the basis of this case, specifically alleged exposures to asbestos-containing thermal insulation products, and the Request is not reasonably calculated to lead to the discovery of admissible evidence. Defendant further objects to this Request because the Plaintiff was never involved in abatement activities and, thus, this Request is not relevant.

Subject to and without waiving the foregoing objections, see Preliminary Statement.

REQUEST FOR ADMISSION NO. 4:

Admit that Plaintiff worked on premises owned by Defendant or by a predecessor-in-interest of Defendant.

RESPONSE:

DENIED. See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 4:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

RESPONSE:

Defendant objects to this Request because it is overly broad, fails to specify the document sought with reasonable particularity, and amounts to a "fishing expedition." Defendant further objects as this is a Request that Defendant marshal its evidence, which is specifically prohibited by the rules of discovery.

Subject to and without waiving the foregoing objection, see Preliminary Statement.

REQUEST FOR PRODUCTION NO. 5:

If you admit the foregoing request, in whole or in part, produce all documents supporting your admission that Plaintiff was on Defendant's Premises.

RESPONSE:

See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 6:

Produce all records identifying contractors and/or the employees of contractors who were on your premises during the years at issue, including but not limited to sign-in-logs, gate records, visitor's logs, identification badge logs and procedures, and other documents of a similar nature.

RESPONSE:

Objection. Defendant objects to this Request because it is overly broad, lacks specificity and is unduly burdensome. Further, the Request is not limited to the time periods and corresponding specific premises sites relevant in this case, not limited to the contractors for whom the Plaintiff worked, nor limited to the matters made the basis of this case, specifically alleged exposures to asbestos-containing thermal insulation products, and the Request is not reasonably calculated to lead to the discovery of admissible evidence.

Subject to and without waiving the foregoing objection, see Preliminary Statement.

REQUEST FOR PRODUCTION NO. 7:

Produce all records pertaining to the methods and manner of identification of individuals entering and/or leaving your facilities, during the years at issue, including but not limited to fingerprinting or other methods of identifying contractor employees at your premises, and specifically including any fingerprinting or other records identifying the Plaintiff.

RESPONSE:

Defendant objects to this Request because it is overly broad, lacks specificity and is unduly burdensome. Further, the Request is not limited to the time periods and corresponding specific premises sites relevant in this case, not limited to the contractors for whom the Plaintiff worked, nor limited to the matters made the basis of this case, specifically alleged exposures to asbestos-containing thermal insulation products, and the Request is not reasonably calculated to lead to the discovery of admissible evidence.

Subject to and without waiving the foregoing objection, see Preliminary Statement.

INTERROGATORY NO. 4:

Identify the contractors who worked on your premises during the years at issue, and for each, state:

- a. The type of work performed by the contractor
- b. The dates such work was performed;
- c. Identify your employee responsible for monitoring, verifying, or instructing concerning these services to be performed by such contractors.

ANSWER:

Defendant objects to this Interrogatory because it is overly broad, lacks specificity and is unduly burdensome. Further, the Interrogatory is not limited to the time periods and corresponding specific premises sites relevant in this case, not limited to the contractors for whom the Plaintiff worked, nor limited to the matters made the basis of this case, specifically alleged exposures to asbestos-containing thermal insulation products, and the Interrogatory is not reasonably calculated to lead to the discovery of admissible evidence. Without waiving the objections, it was the responsibility of Plaintiff's employer to instruct and oversee the services performed by their employees. For further answer, see Preliminary Statement.

REQUEST FOR PRODUCTION NO. 8:

Produce the contract documents pertaining to the contractors who performed services on Defendant's Premises during the years at issue, including but not limited to invitations to bid, requests for proposals, bids, proposals, scope of work, specifications, blueprints, plans, acceptances, contracts, amendments, addenda, change orders, and other contract documents of a similar nature.

RESPONSE:

Defendant objects to this Request because it is overly broad, lacks specificity and

is unduly burdensome. Further, the Request is not limited to the time periods and corresponding specific premises sites relevant in this case, not limited to the contractors for whom the Plaintiff worked, nor limited to the matters made the basis of this case, specifically alleged exposures to asbestos-containing thermal insulation products, and the Request is not reasonably calculated to lead to the discovery of admissible evidence.

Subject to and without waiving the foregoing objection, see Preliminary Statement.

INTERROGATORY NO. 5:

Identify each employee who was responsible for allowing contractor employees access to Defendant's Premises during the years at issue.

ANSWER:

Defendant objects to this Interrogatory because it is overly broad, lacks specificity and is unduly burdensome. Further, the Interrogatory is not limited to the time periods and corresponding specific premises sites relevant in this case, not limited to the contractors for whom the Plaintiff worked, nor limited to the matters made the basis of this case, specifically alleged exposures to asbestos-containing thermal insulation products, and the Interrogatory is not reasonably calculated to lead to the discovery of admissible evidence.

Subject to and without waiving the foregoing objection, see Preliminary Statement.

REQUEST FOR ADMISSION NO. 5:

Admit that Plaintiff worked on Defendant's Premises where Defendant used or applied asbestos-containing products.

RESPONSE:

DENIED. See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 9:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

RESPONSE:

See Preliminary Statement.

INTERROGATORY NO. 6:

Do you contend that Plaintiff was not exposed to asbestos while working at the Defendant's Premise(s)? If the answer is anything other than "no", identify each and every fact which supports this contention.

RESPONSE:

Defendant objects to this Interrogatory because it is overly broad and vague. Interrogatories are not properly used to require a party to marshal evidence. See, TEX. R. CIV. P. 197.1. Without waiving the objection, see Preliminary Statement.

REQUEST FOR ADMISSION NO. 6:

Admit that Plaintiff, in the course and scope of his work as an employee of an independent contractor, worked around Defendant's employees who were using and/or applying asbestos-containing products.

RESPONSE:

DENIED. See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 10:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

RESPONSE:

Defendant objects to this Request because it is overly broad, fails to specify the document sought with reasonable particularity, and amounts to a "fishing expedition." Defendant further objects as this is a Request that Defendant marshal its evidence, which is specifically prohibited by the rules of discovery. The Texas Supreme Court has held in several cases over the last few years that discovery requests must be relevant to specific issues and reasonably tailored to include only matters relevant to the case. The request must be tied to the particular acts or products relating to the Plaintiff's claims in the suit and must be limited to the time periods which are relevant to the case. See *In Re American Optical Corporation, Relator*, 988 S.W.2d 711 (Tex.1998); *Texaco, Inc. v. Sanderson*, 898 S.W.2d 813 (Tex.1995); *Dillard Department Stores, Inc. v. Hall*, 909 S.W.2d 491 (Tex.1995); *Loftin v. Martin*, 776 S.W.2d 145 (Tex.1989).

Subject to and without waiving the foregoing objection, see Preliminary Statement.

REQUEST FOR ADMISSION NO. 7:

Admit that Plaintiff worked on and/or around Defendant's Premises in areas where asbestos-containing products were installed, used, prepared for use, replaced or repaired, stored or loaded, unloaded or transported.

RESPONSE:

DENIED. See Preliminary Statement.

REQUEST FOR ADMISSION NO. 8:

Admit that during the time period Plaintiff worked at premises, Defendant was aware that airborne asbestos

dust created a potential health hazard to those who breathed such dust.

RESPONSE:

DENIED. See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 11:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

RESPONSE:

DENIED. See Preliminary Statement.

REQUEST FOR ADMISSION NO. 9:

Admit that Defendant was aware of the presence of and/or use of asbestos-containing products on Defendant's Premises during the time period Plaintiff was working on Defendant's Premises.

RESPONSE:

DENIED. See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 12:

Produce any and all photographs or videographic depictions or films depicting the use by you or your employees of any safety precautions (such as containment areas, warning signs, etc.) taken to protect bystanders from the hazards of airborne asbestos resulting from the use of asbestos-containing products by your employees at any locations.

RESPONSE:

Defendant objects to this Request because it is overly broad, vague and ambiguous, and not limited to the facilities where Plaintiff claims exposure, nor is it limited to the relevant time periods.

Subject to and without waiving the foregoing objection, see Preliminary Statement.

INTERROGATORY NO. 7:

Please identify any and all warnings ever given by Defendant, if any, to Plaintiffs regarding the hazards of asbestos and the dangers inherent in the inhalation of asbestos fibers.

ANSWER:

Defendant objects to this Interrogatory because it is overly broad and vague. Without waiving the objection, see Preliminary Statement.

REQUEST FOR PRODUCTION NO. 13:

Produce all such warnings.

RESPONSE:

Defendant objects to this Request on the same bases stated in Answer to Interrogatory No. 7.

Subject to and without waiving the foregoing objection, see Preliminary Statement.

REQUEST FOR ADMISSION NO. 10:

Admit that Defendant did not distribute any literature or warnings of any kind to its employees during the period of time Plaintiff worked on Defendant's Premises regarding the potential health hazards to those who breathe airborne asbestos dust.

RESPONSE:

Defendant objects to this Request as overly broad, vague and ambiguous.

Subject to and without waiving the foregoing objection, based on the Preliminary Statement, this request is DENIED.

REQUEST FOR PRODUCTION NO. 14:

If you deny the foregoing, produce all such warnings.

RESPONSE:

Defendant objects to this Request for the reasons as stated in the Response to Request for Admission No. 10. Further, Defendant objects to this Request because it is overly broad, fails to specify the document sought with reasonable particularity, and amounts to a "fishing expedition." Defendant further objects as this is a Request that Defendant marshal its evidence, which is specifically prohibited by the rules of discovery.

Subject to and without waiving the foregoing objection, see Preliminary Statement.

INTERROGATORY NO. 8:

Describe Defendant's safety policy as it relates to the use of asbestos-containing materials at jobsites where Defendant's employees were performing services. In your answer, please state:

- a. When, if ever, Defendant's employees were first warned about the hazards of asbestos exposure-and
- b. What instructions, if any, were given to Defendant's employees on the identification of

materials which might or did contain asbestos.

ANSWER:

Defendant objects to this Interrogatory as overly broad, vague, not limited to the time periods relevant in this case, not limited to the sites relevant in this case, and, therefore, seeks information irrelevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing objections, see Preliminary Statement.

REQUEST FOR PRODUCTION NO. 15:

Produce all such safety policies.

RESPONSE:

Defendant objects to this Request as overly broad, vague, not limited to the time periods relevant in this case, not limited to the sites relevant in this case, and, therefore, seeks information irrelevant and not reasonably calculated to lead to the discovery of admissible evidence.

Subject to and without waiving the foregoing objection, see Preliminary Statement.

REQUEST FOR ADMISSION NO. 11:

Admit that Defendant consciously decided not to warn its employees of the dangers of asbestos.

RESPONSE:

DENIED. See Preliminary Statement.

INTERROGATORY NO. 9.

Do you contend that Defendant specifically warned Plaintiff about the hazards of asbestos and asbestos-containing products? If the answer is anything other than "no", identify each and every fact which supports this contention.

RESPONSE:

See Preliminary Statement.

INTERROGATORY NO. 10:

Describe all safety precautions taken by you or your employees (such as containment areas, warning signs, ventilation systems, evacuating the premises, etc.) for the protection of bystanders (including but not limited to Plaintiffs) from the hazards resulting from the use of asbestos-containing products by your employees at any locations.

ANSWER:

See Preliminary Statement.

INTERROGATORY NO. 11:

Have you ever provided safety equipment to persons working on Defendant's Premises? If so, please list the safety equipment provided and indicate:

- a. When the equipment was first provided
- b. To whom the equipment was provided
- c. Under what circumstances the equipment was provided
- d. Further, identify the person with the most knowledge of your "safety equipment" policies.

RESPONSE:

See Preliminary Statement.

REQUEST FOR ADMISSION NO. 12:

Admit that Defendant did not continuously provide face masks to contract employees working with or around asbestos from 1945 to the present for the purpose of protecting these employees from inhaling asbestos.

RESPONSE:

Defendant objects to this Request because the same is overly broad, lacks specificity and the same is not limited to the time periods relevant to this case.

Subject thereto, Defendant is unable to admit or deny as stated. The policy was that independent contractors were required to provide their own safety equipment to their employees, including respiratory protection. Still further, see Preliminary Statement.

INTERROGATORY NO. 12:

State in detail what tests have been conducted with regard to the quantity, quality, or threshold limit values of asbestos dust or particles to which workers were exposed while using, working with or around, or installing asbestos-containing products in any of your facilities. Please state where and when these tests were conducted, by whom these tests were conducted, and the results of any such test.

RESPONSE:

Defendant objects to this Interrogatory as overly broad, vague, not limited to the time periods relevant in this case, not limited to the sites relevant in this case, and, therefore, seeks information irrelevant and not reasonably calculated to lead to the discovery of admissible evidence.

Subject to and without waiving the foregoing objections, see Preliminary Statement.

INTERROGATORY NO. 13:

Do you contend that Defendant, Defendant's representatives, insurance carriers and/or agents performed any measurements and/or studies prior to 1970 to determine the quantity of asbestos fibers in the air at Defendant's facility? If the answer is anything other than "no", identify each and every fact which supports this contention.

RESPONSE:

See Preliminary Statement.

INTERROGATORY NO. 14:

Please state each time any regulatory agency or other governing body has inspected the Defendant's premises to determine if health and safety regulations governing exposure to asbestos were being followed. Include in your response the date and results of each inspection, and state whether a written report was generated.

RESPONSE:

See Preliminary Statement.

REQUEST FOR ADMISSION NO. 13:

Admit that you did not erect containment barriers to prevent emission of asbestos dust at the worksites where your employees were using asbestos-containing materials, including the worksites where Plaintiff was present.

RESPONSE:

See Preliminary Statement. Otherwise DENIED as phrased.

REQUEST FOR PRODUCTION NO. 16:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

RESPONSE:

See Preliminary Statement.

REQUEST FOR ADMISSION NO. 14:

DENIED as phrased. See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 18:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

DENIED as phrased. See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 19:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

RESPONSE:

See Preliminary Statement.

REQUEST FOR ADMISSION NO. 17:

Admit that you did not require your employees to handle, mix, apply, remove, cut or score asbestos-containing products in a wet state to prevent emission of airborne asbestos fibers at the worksites where your employees were using asbestos-containing materials, including the worksites where Plaintiff was present.

RESPONSE:

DENIED as phrased. See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 20:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

RESPONSE:

DENIED as phrased. See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 21:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

RESPONSE:

See Preliminary Statement.

INTERROGATORY NO. 15:

Have you ever warned workers on Defendant's Premises of the hazards of asbestos and asbestos-containing products? If so, describe in detail the methods of such warnings, who you warned and when. Please include in your response a description of any written warnings relating to the hazards of asbestos in place at Defendant's Premises and state when the written warnings were installed, how many were installed, and whether they have been removed.

RESPONSE:

Defendant objects to this Interrogatory because it is overly broad, not limited to the time periods and corresponding worksites relevant in this case and, therefore, seeks information irrelevant and not reasonably calculated to lead to the discovery of admissible evidence. Defendant further objects to Interrogatories 15 through 20 because they violate TEX. R. CIV. P. 190.2 and 190.3, in that they exceed 25 written interrogatories. Each distinct part of an interrogatory is considered a separate interrogatory.

Subject to and without waiving the foregoing objection, see Preliminary Statement.

INTERROGATORY NO. 16:

Have you ever had a policy requiring workers on Defendant's premises to use respirators? If so, please:

- a. State when this policy was implemented;
- b. Describe this policy in detail;
- c. State to whom it applied (i.e. Defendant employees and contractor employees);
- d. And describe what types and brand names of respirators were required by you.

RESPONSE:

Defendant objects to this Interrogatory because it is overly broad, not limited to the time periods and corresponding worksites relevant in this case and, therefore, seeks information irrelevant and not reasonably calculated to lead to the discovery of admissible evidence. RESPONSE:

DENIED. See Preliminary Statement.

REQUEST FOR ADMISSION NO. 22:

Admit that during the years at issue, Defendant had to power to control Defendant's Premises.

Diaz*, 802 S.W.2d 772, 775 (Tex.App. — Houston [14th Dist.] 1990, no writ). Subject thereto, Defendant admits that it exercised the right of general control over its premises, but denies that it controlled the details of the work of contractors. Do you contend that at no time during the years at issue, Defendant did not have the right to advise or, if necessary, control the activities of employees of contractors, working on Defendant's Premises, who were engaged in activities which could be potentially hazardous to either themselves or to the employees of defendant? If the answer is anything other than "no", identify each and every fact which supports this contention.

RESPONSE:

Defendant objects to this Interrogatory because it is overly broad, not limited to the time periods and corresponding worksites relevant in this case and, therefore, seeks information irrelevant and not reasonably calculated to lead to the discovery of admissible evidence. Defendant further objects because this Request seeks to require this Defendant to marshal its evidence, which is specifically prohibited by Rule 197.1. Defendant further objects to Interrogatories 15 through 20 because they violate TEX. R. CIV. P. 190.2 and 190.3, in that they exceed 25 written interrogatories. Each distinct part of an interrogatory is considered a separate interrogatory. Without waiving the objections, see Preliminary Statement.

REQUEST FOR ADMISSION NO. 41:

Admit that Defendant retained some control over the manner in which Plaintiff's employer performed the work requested by the Defendant.

RESPONSE:

Defendant objects to this Request as repetitive and improperly asks Defendant to admit a proposition of law. *See Esparza v. Diaz*, 802 S.W.2d 772, 775 (Tex. App. -- Houston [14th Dist.] 1990, no writ).

Subject thereto, not applicable to this Defendant. See Preliminary Statement, therefore denied to the extent necessary.

Subject thereto, not applicable to this Defendant. See Preliminary Statement, therefore denied to the extent necessary.

INTERROGATORY NO. 18:

Please state the first year you learned that persons could suffer physical injury through the inhalation of asbestos fibers and how Defendant became aware of the existence of asbestos hazards.

ANSWER:

Defendant objects to this Interrogatory because it is overly broad, not limited to the time periods and corresponding worksites relevant in this case and, therefore, seeks information irrelevant and not reasonably calculated to lead to the discovery of admissible evidence. Defendant further objects to Interrogatories 15 through 20 because they violate TEX. R. CIV. P. 190.2 and 190.3, in that they exceed 25 written interrogatories. Each distinct part of an interrogatory is considered a separate interrogatory.

Subject to and without waiving the foregoing objections, Defendant Huntsman Petrochemical Corporation (f/k/a Texaco Chemical Company) would respond by stating see Preliminary Statement.

REQUEST FOR PRODUCTION NO. 54:

Produce all documents that indicate that asbestos fibers, when inhaled, can be hazardous to the health of human beings.

RESPONSE:

Defendant objects to this Request because it is overly broad, fails to specify the document sought with reasonable particularity, and amounts to a "fishing expedition." Defendant further objects as this is a Request that Defendant marshal its evidence, which is specifically prohibited by the rules of discovery. The Texas Supreme Court has held in several cases over the last few years that discovery

requests must be relevant to specific issues and reasonably tailored to include only matters relevant to the case. The request must be tied to the particular acts or products relating to the Plaintiff's claims in the suit and must be limited to the time periods which are relevant to the case. See *In Re American Optical Corporation, Relator*, 988 S.W.2d 711 (Tex.1998); *Texaco, Inc. v. Sanderson*, 898 S.W.2d 813 (Tex.1995); *Dillard Department Stores, Inc. v. Hall*, 909 S.W.2d 491 (Tex.1995); *Loftin v. Martin*, 776 S.W.2d 145 (Tex.1989). Defendant further objects as this is a Request that Defendant marshal its evidence, which is specifically prohibited by the rules of discovery. Subject thereto, see Preliminary Statement.

REQUEST FOR ADMISSION NO. 51:

Admit that you supervised the health and safety procedures implemented by contractors working on Defendant's Premises.

REQUEST FOR ADMISSION NO. 53:

Admit that you did not protect the Plaintiff from exposure to asbestos on Defendant's Premises.

RESPONSE:

Not applicable to this Defendant. See Preliminary Statement; therefore denied to the extent necessary.

REQUEST FOR PRODUCTION NO. 55:

Produce all documents supporting the legal theories and factual bases of your defenses set forth in your response to Plaintiff's Request for Disclosure under Texas Rules of Civil Procedure 194.2, subparagraph (c).

RESPONSE:

See Preliminary Statement.

INTERROGATORY NO. 19:

Do you contend that plaintiff's exposure to asbestos at Defendant's Premises was not a substantial contributing factor in causing his asbestos-related injury? If the answer is anything other than "no", identify each and every fact which supports this contention.

RESPONSE:

Defendant objects to this Interrogatory as the same violates the Texas Rules of Procedure limiting interrogatories, including subparts, to no more than 25 inquiries. Further, Defendant objects because the Interrogatory assumes facts not in evidence, that is, that the Plaintiff has an asbestos-related injury. Further, Defendant objects because the Interrogatory seeks to require this Defendant to marshal its evidence which is impermissible under the Texas Rules of Civil Procedure. Defendant further objects because the Interrogatory is overly broad, vague, ambiguous and unspecific.

Without waiving the objections, see Preliminary Statement. Plaintiff was not on the Defendant's premises.

REQUEST FOR ADMISSION NO. 54:

Admit that Plaintiff's exposure to asbestos at Defendant's Premises was a substantial contributing factor in causing his asbestos-related injury.

REQUEST FOR PRODUCTION NO. 57:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

RESPONSE:

See Preliminary Statement.

REQUEST FOR ADMISSION NO. 57:

Admit that Defendant's failure to reduce or eliminate the risk of harm to Plaintiff was a substantial factor in bringing about Plaintiffs asbestos-related injury.

RESPONSE:

Not applicable to this Defendant. See Preliminary Statement; therefore denied to the extent necessary.

REQUEST FOR PRODUCTION NO. 58:

If you deny the foregoing request, in whole or in part, produce all documents supporting your denial.

RESPONSE:

See Preliminary Statement.

If you contend that while at the premises on which you or your employees were working with asbestos-containing materials, Plaintiff was not exposed to sufficient quantities of asbestos dust to produce the disease(s) complained of, produce all documents supporting your contention.

RESPONSE:

See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 60:

If you contend that plaintiff is suffering from an asbestos disease as a result of exposures other than asbestos dust at the premises on which you or your employees were working with asbestos-containing materials, produce all documents supporting your contention.

RESPONSE:

See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 61:

If you contend that plaintiff does not suffer from the asbestos-related disease(s) complained of, produce all documents supporting your contention.

RESPONSE:

See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 62:

If you contend that plaintiff was not exposed to asbestos dust at the premises on which you or your employees were working with asbestos-containing materials, produce all documents supporting your contention.

RESPONSE:

See Preliminary Statement.

REQUEST FOR PRODUCTION NO. 63:

Produce all documents used, referred to or relied upon in answering any Interrogatories.

RESPONSE:

Defendant objects to this Request because it is overly broad, fails to specify the document sought with reasonable particularity, and amounts to a "fishing expedition."

Subject to and without waiving the foregoing objection, see Preliminary Statement.

REQUEST FOR PRODUCTION NO. 64:

Produce any and all documents and other tangible things which refer to the document retention (and/or destruction) policy of Defendant, including the following:

- a. Any document retention and/or destruction policies for Defendant that pertain to documents and records, including but not limited to supplements, addenda, memoranda, operating bulletins, revisions, or any other superseding instructions that referred to the stopping,

suspending or resuming of such retention or destruction policies.

- b. Any record retention and/or destruction, dumping, or purging policies for Defendant that pertain to documents and records created, maintained or stored by electronic and/or magnetic means, including but not limited to records that have been microfilmed, microfiched, imaged, scanned, or stored on tapes, disks, diskettes, CD-rom, databases, etc. or on or within any computer hardware, backup system, download system, file dumping or other system of information management, whether on-site or off-site, including but not limited to supplements, addenda, memoranda, operating bulletins, revisions, or any other superseding instructions that referred to the stopping, suspending or resuming of such retention or destruction policies.

RESPONSE:

Defendant objects to this Request as the same is overly broad, unlimited in time, not limited to the relevant areas of inquiry in this case, and not reasonably calculated to lead to the discovery of admissible evidence. The Texas Supreme Court has held in several cases over the last few years that discovery requests must be relevant to specific issues and reasonably tailored to include only matters relevant to the case. The request must be tied to the particular acts or products relating to the Plaintiff's claims in the suit and must be limited to the time periods which are relevant to the case. See *In Re American Optical Corporation, Relator*, 988 S.W.2d 711 (Tex.1998); *Texaco, Inc. v. Sanderson*, 898 S.W.2d 813 (Tex.1995); *Dillard Department Stores, Inc. v. Hall*, 909 S.W.2d 491 (Tex.1995); *Loftin v. Martin*, 776 S.W.2d 145 (Tex.1989).

Subject to and without waiving the foregoing objection, see Preliminary Statement.

REQUEST FOR PRODUCTION NO. 65:

Produce any and all documentation, including but not limited to lists, inventories, indices, databases or print-outs thereof, archives, storage inventories, logs, or other search aids that refer or relate to the existence, extent, type, organization, filing system, method of access or retrieval, and/or location of Defendant's documents (maintained or stored on-site or off-site) described in the preceding paragraphs.

RESPONSE:

See Preliminary Statement.

INTERROGATORY NO. 20:

Does Defendant have in its possession any books, pamphlets, memoranda, or written materials of any kind or character that would indicate that asbestos fibers, when inhaled, can be hazardous to the health of human beings? If so, identify the individuals who received, maintained, reviewed, or disseminated the information contained in such written materials.

RESPONSE:

Defendant objects to this Interrogatory because it is overly broad, not limited to relevant time periods in the case and, therefore, not reasonably calculated to lead to the discovery of admissible evidence. Defendant further objects to Interrogatories 15 through 20 because they violate TEX. R. CIV. P. 190.2 and 190.3, in that they exceed 25 written interrogatories. Each distinct part of an interrogatory is considered a separate interrogatory.

Without waiving this objection, and subject thereto, see Preliminary Statement.

Produce the written materials referred to in the interrogatory above.

RESPONSE:

See Preliminary Statement.

REQUEST FOR ADMISSION NO. 58:

Admit that Plaintiff filed suit against Defendant within two (2) years of the date of discovering his asbestos-related condition or the existence of any asbestos-related causes of action.

RESPONSE:

Defendant objects to this Request because it assumes facts not in evidence, i.e. that Plaintiff has an asbestos-related condition. Subject thereto, Defendant does not have enough information at this time to admit or deny this request and does not know when Plaintiff "discovered" his alleged condition.

REQUEST FOR ADMISSION NO. 59:

RESPONSE:

DENIED.
