

Monsanto

FROM (NAME & LOCATION) W. W. Latimer - Texas City, TX (O-13)

DATE February 17, 1983 cc J. A. Glass
D. D. Kos
G. L. Tromblee
SUBJECT SHAC Minutes from Meeting
of February 16, 1983 G. Escamilla
REFERENCE P. D. Johnson
J. H. Cross

TO : R. Baca
A. H. Conrad
R. M. Fritz
✓ R. T. Hammann
W. G. Howe

H. Conrad suggested that a SHAC member should attend each PSMB and HSC meeting. Dates for each member were issued as follows:

<u>PMSB</u>	<u>HSC</u>
March 16 - Bill Howe	February 22 - Bob Hammann
April 20 - R. Fritz	March 29 - Rufus Baca
May 18 - R. Baca	April 26 - Bill Latimer
June 15 - Bill Latimer	May 31 - Bill Howe
July 20 - Bill Howe	June 28 - R. Fritz
	July 26 - Rufus Baca

Howe attended PSMB and gave a status report for quarterly inspection. Program will kick off as planned with a bulletin board announcement (see attached). Exhibit 1 will announce inspection and Exhibit 2 will announce winners (best).

1983 Safety Committee roster is attached.

Hammann will chair SHAC meeting next week. Conrad announced new guidelines for inspection awards. Small plaques will be given to winner each quarter (3 winners - 2 winners first quarter).

Tromblee asked that SHAC decide on calendar program. Therefore, it was decided the Office Safety Committee will continue to handle program. Will print about 500 and available to anyone who needs one. SHAC will review at midyear.

Drug and alcohol abuse program ideas were discussed. Probably educational program - Personnel to be involved in handling.

Contract safety program and use of Monsanto facilities were discussed. Baca will scope needs and will solicit input via questionnaire. Baca will research and review existing policies. It was decided to let Office Safety Committee assist in this program and PTSC assist in Drug & Alcohol Committee

Hammann discussed portable building policy - (tagging and mapping). Co-op cataloged about three years ago. Maintenance (H. Jackson) has the responsibility for maintaining records. Some were in poor location. Inspectors checked location last week and found 5-10 were in unacceptable locations. Hammann will notify the violators and handle as necessary.

Hammann has results of questionnaire on nitrogen backup but has not evaluated data. Will discuss with SHAC in two weeks.

NEW BUSINESS

There is a question regarding blinding safety practices regarding non-hazardous materials. Baca will investigate practice and bring data to SHAC for review in about two weeks.

Howe and Conrad will research the bicycle policy issues and past recommendations and will bring data to SHAC for review in about two weeks.
