Dear Bill:

Enclosed is a copy of invoice number 7303 dated July 1, 1994.
It is now over six months old. Perhaps it has been overlooked.

With the current invoice number 7471, the total open balance is
\$1,950. Your attention to these open invoices is appreciated.

Sincerely,

FRICTION MATERIALS STANDARDS INSTITUTE

G. N. Laycock
Executive Director

Dear Bill:

Enclosed is a check to cover the expenses for the reception which you and Pam so kindly hosted on June 10th for the Officers, Board of Directors, Committee Chairmen and guests as detailed in your fax of 9/20.

Beyond the reception at your place which was excellent, I thought the facilities at Indian River Plantation were also very good. When the Annual Meeting comes back east, I will lobby for a return to Hutchinson Island.

Sincerely,

FRICTION MATERIALS STANDARDS INSTITUTE

Mr. Ed Eggert
Reddaway Manufacturing Company, Inc.
32 Euclid Avenue
Newark, NJ 07105

Dear Ed:

Regarding your recent question concerning Federal Specification HH-L-361, I could not find a copy of the specification in our files so I wrote to the U.S. Army Tank - Automotive Command asking for a copy of the latest revision.

The copy which I received is HH-L-361G revision August 1, 1985. (copy enclosed) It does not include a classification for - Brake Lining Material, Flexible (molded).

It appears that the Institute's comments which were sent in October of 1987 did not receive any attention.

Sincerely,

G. N. Laycock
Executive Director

FMSI FAX MACHINE - MANUAL RECEIVE MODE

The FMSI has a FAX Machine. However, we have only one telephone line for both regular voice communication and FAX. Those sending FAX to the FMSI should first establish voice communication and advise that they are sending a FAX message.

In addition, our FAX is set so that if not answered in six rings it will switch to the Automatic Receive Mode. One sending FAX to the FMSI should either establish voice contact first, or after six rings without voice contact, wait for the FAX answering tone and then send the message.

Favored Saver Application

Please type or print information

				Date of application
Name of association/club				Date of incorporation/charter
Street address	City	State	Zip	Telephone (including area code)
Nature of association/club		Number of members	Number of cards required	
The Budget Favored Saver program will be publicized on a regular basis to association/club's current membership in the following media: ☐ Association publication(s): _____ Title _____ Frequency _____ ☐ Other. (Please enclose samples of all publications.)			In addition, potential membership in association/club will be solicited in the following media on a regular basis: ☐ Magazine advertising: _____ Title (s) _____ ☐ Newspaper advertising: _____ Title (s) _____ ☐ Radio commercials ☐ Television commercials ☐ Other: _____ (Please specify)	

Favored Saver identification cards should be sent to:

Name	Title	Address
------	-------	---------

We wish to apply for a Favored Saver account with Budget Rent a Car (Budget) in accordance with the conditions contained below, which I have read and accepted. You are authorized to verify all information.

Authorized Signature _____

Name	Title	Date
------	-------	------

The Budget Rent a Car Favored Saver program entitles the renter to a special discount of 5% off published unlimited mileage rates or 20% off regular time and mileage rates, whichever are in effect at the participating Budget Rent a Car location. Discount applies to compact or larger size cars and does not apply to the cost of gasoline, sales tax, collision damage waiver, personal accident insurance, or drop-off charges. This discount is not available in conjunction with pre-discounted rates, coupons, or package tour rates.

1. The Favored Saver card is for identification purposes only and must be used with an acceptable major credit card at time of rental.
2. Budget reserves the right to change the discount and to cancel any or all identification cards without prior notice.
3. Favored Saver identification cards will be issued only after this application, properly executed, is on file with and has been approved by Budget. Additional cards may be obtained by submitting an

additional application or a letter signed by an authorized representative of the association/club.

4. Association/club agrees to issue Favored Saver identification cards only to active members of the association/club who are at least 21 years of age.
5. Association/club agrees to publicize the association/club's participation in the Budget Favored Saver program in its publications and correspondence (as indicated above) on a regular basis.
6. All correspondence relating to Favored Saver identification cards must be directed to Budget Rent a Car Corporation, Sales Services Department, 200 North Michigan, Chicago, Illinois, 60601.
7. All Favored Saver cards issued to this association/club are subject to the provisions stated in this application and to any additional provisions stated on the card itself.

Please return this application to: Budget Rent a Car Corporation, Sales Services Department,
200 North Michigan Ave., Chicago, IL 60601

DISTRIBUTION WHITE-UPS COPY YELLOW-SHIPPER COPY		THANK YOU	

EXPLANATION OF ENTRIES

- Pickup Date — Enter date package(s) will be picked up.
- Ground Packages — Enter weight under lbs. in Ground column.
- Air Packages — Enter weight under lbs. in Air column.
- Declared Value (If in excess of \$100) — Enter full declared value.
- A.O.D. (Acknowledgment of Delivery) — Enter letters A.O.D.
- C.O.D. (Collect On Delivery) — Enter C.O.D. amount.
- Oversize (Over 84" length & girth) — Enter letters O.S.
- Call Tag — Enter Call Tag Number and the letters C.T.

3. Call UPS.

- A. Announce "I Am a 'Ready' Customer."
- B. Be prepared to give your telephone number (including area code), and for each package, the consignee zip code and weight.
- C. Record zone and charge in proper block when UPS representative gives them to you.

4. After the call.

- A. Place package(s) and complete pickup record in designated area for pickup by UPS driver.
- B. Include payment for total charges (as given by UPS representative). If paying by check, make payable to United Parcel Service.
- C. UPS driver will sign pickup record, give you your copy, and affix shipper number labels and any appropriate additional forms to the package(s). He will also supply you with additional pickup form(s) for future use.

Dear Warren:

Bill Barton called yesterday, and among other things asked about the reservations for our June Meeting at Camelback Inn. He said he was going down to the Islands and would not be back till sometime in May.

He asked that I contact you and have you send in the deposit requirement for his accomodations at Camelback.

Enclosed is the reservation form for our meeting, and I have filled it in with data on Bill's accomodations and arrival/departure. Could you enclose the \$350 check made out to "Marriott's Camelback Inn" and send it on to Camelback.

Thanks.

Newark, NJ 07105

Dear Ed:

I'm enclosing a copy of our Invoice No. 5023 in amount of \$611.20.

These were for 10 cartons of catalogs (540 copies) that we sent to Joe Goodreau at your request. The catalogs were shipped over 3 months ago, and our billing is now three months old. As we're out-of-pocket for both the catalogs and the Freight charges, and this is an old invoice, we would most appreciate payment.

Thank you.

Sincerely,

FRICTION MATERIALS STANDARDS INSTITUTE

Stuart, FL 33494

Dear Bill:

This is with reference to our phone call earlier this week on inviting Bob Pigg to our June Meeting.

I have been trying to reach Stuart Comins all week on another subject, but so far without success. Before going further with this, I decided to call Bob Pigg to see if he would be available. I called the Asbestos Information Association this afternoon asking for Bob. I was told that he would not be back in the Office until July 1. Then I remembered that in my last talk with Bob that he was going to a World Health Organization meeting in Europe this month.

So, I guess we can scratch that. If we were to consider an outside speaker for next year, we'd have better luck starting earlier. I had held up on this because of the questions on insurance, thinking that we might have another session on insurance this year.

Sincerely,

FRICITION MATERIALS STANDARDS INSTITUTE

E. W. Drislane

St. Clair Shores, MI 48080

Dear Ron:

Per our phone conversation of December 4, this is confirming my request for shipment of catalogs from our stock of the 1983 Brake Block Identification Catalogs:

100 copies to: Friction Materials Warehouse of Florida
255 Pine Valley Circle
Naples, FL 33942

200 copies to: Friction Materials Standards Institute
East 210 Route 4
Paramus, NJ 07652

The order for 200 copies can be approximate, using one carton with count near 200.

Both shipments are to be made by United Parcel Service and you should prepay and bill the Institute for the UPS charges.

Sincerely,

Mr. Ed Drislane, Executive Director

Dear Ed,

First let me thank you for the excellent meeting at La Costa. Bill and I both felt it was a productive meeting in an excellent environment.

My other reason for writing is to advise you that we are ceasing distribution of Pasta clutches in North America and therefore should be billed for our 84 - 85 dues at the one category rate. Since the billings probably have already gone out, would you prefer to send an adjusted billing or have us take a deduction with a note?

Again thanks for putting on a first class meeting.

Dear Warren:

This concerns the order for clutch facing prints enclosed. Just about all our prints are on 8-1/2 x 11 size and can be copied on most Xerox (or other) office copiers. As our price on the prints is \$.75 each it is usually in the Members' best interest to purchase only one copy of each and then make copies as needed on his own copier.

We are shipping 3 copies of each but only billing for one copy of each. Should you have subsequent orders we'll ship one copy and bill one copy of each unless you order otherwise.

Sincerely,

FRICTION MATERIALS STANDARDS INSTITUTE

Dear Bill:

Thank you for your newspaper clipping concerning Sandpiper Bay. As we've indicated, Jay Moore will be recommending this site for our June 1981 meeting.

As regards the other sites mentioned in that article, we did investigate the Wigwam in Litchfield Park, Arizona back in 1975. The catch with the Wigwam was that it was not open from June thru August. It was at that time that we decided to attend Marriott's Camelback Inn in Scottsdale.

I'll look forward to seeing you in Virginia.

Sincerely,

The
Stuart News

5/18/80

Sandpiper Bay No. 2 resort for conferences

Sandpiper Bay of Port St. Lucie was recognized this week as the No. 2 resort conference center in the country among facilities with up to 325 rooms.

The honor was bestowed in Chicago with the announcement of winners of the annual McRand Conference Hotel Award, a competition that attracted more than

2,500 entries from around the country. The winner, by a close margin over Sandpiper Bay, was The Wigwam of Litchfield Park, Ariz. The Lodge at Pebble Beach in California placed third in the judging.

Ken Benjamin, resident manager and director of sales for the Port St. Lucie resort, said the second place finish was a testimony to the fine work of the staff at Sandpiper Bay. "We are honored to be in such distinguished company," said Benjamin, "and feel we have come a long way in a short time as a resort conference facility compared to how long The Wigwam and The Lodge at Pebble Beach have been operating."

E. W. Drislane

April 29, 1980

Mr. F. W. Barton
Reddaway Manufacturing Corporation
4064 Southeast Old St. Lucie Blvd.
Stuart, Florida 33494

Dear Bill:

Per our conversation last week I am enclosing a copy of the Constitution and By-Laws.

The Section concerning classes of directors is in Article IV, Section 2. There are to be three classes of directors, two each from the different categories: lowest fee, middle fee and highest fee. However, I call your attention also to Section 6 on the validity of the election of the various classes of directors. In other words, while the Constitution calls for the classes to be elected as shown in Section 2, if directors are elected who do not conform to that grouping of classes, their election will still be valid unless provisions of Section 6 are invoked at the Annual Meeting.

As I indicated several times, I do not wish to get caught in the middle concerning the election of directors of the Institute. It is a sensitive area that I try to keep away from.

It was nice seeing you last week, and I will look forward to seeing you in June.

Sincerely,

FRICTION MATERIALS STANDARDS INSTITUTE

Dear Jay:

Per our discussions last week I am enclosing copies of certain pieces of literature. One is a copy of the meeting of our Health and Environmental Affairs Committee which was held here on October 25, 1979. This was formerly the Asbestos Study Committee and it met to work on some of the items brought up at the June 1979 Annual Membership Meeting. These minutes are for your information.

We also discussed the changes at Certified Brakes in Toronto. I mentioned that Mr. Bill Bartels had organized a new company called Canparts Automotive International Limited. I'm enclosing a notice concerning this new friction materials manufacturer. As you might note in the bulletin, their plans are to be in production in 1980.

Per our discussion I have also had your name and Bill Barton's added on the mailing list for our Health and Environmental Affairs Committee. There will be more literature on the asbestos question coming in a separate mailing.

Dear Bill:

It was nice meeting with you and Jay this past week.

Per our discussions, I'm enclosing a copy of the minutes of the meeting of the Health and Environmental Affairs Committee which was held on October 25, 1979 at the Institute Office. This was formerly our Asbestos Study Committee. At the October 25, 1979 meeting the Committee was making plans for an ongoing response to the Environmental Protection Agency on any new initiatives that come in the Toxic Substances Control area. We discussed some of those initiatives last week. In particular, we discussed the notice that appeared in the Federal Register on October 17, 1979 along with the eleven questions they asked friction materials manufacturers. You should be getting more on that in a separate mailing.

Per our discussion, I have added yours and Jay Moore's names to the mailing list for any Committee correspondence.

Sincerely,

Attention: Rose

Gentlemen:

I've enclosed a copy of the OSHA standard for asbestos. While there are many revisions planned, this is the standard now in effect. On our page 4, you will note the section on "Label Specifications."

Also enclosed is an exhibit with four different caution labels as used by various members. I trust the enclosed is helpful.

Sincerely,

FRICTION MATERIALS STANDARDS INSTITUTE

OSHA: PROPOSED RULEMAKING

Section 20 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 669) directs the Secretary of Health, Education and Welfare to conduct research, experiments and demonstrations relating to occupational safety and health. To conduct such activities in a scientific and efficient manner, it has been necessary for the National Institute for Occupational Safety and Health (NIOSH) to conduct investigations of places of employment.

A notice in the Federal Register for Tuesday, June 24, 1975 indicates that HEW Secretary Weinberger proposes to amend Title 42, Code of Federal Regulations, by adding a new Part 85a which sets forth the manner in which such investigations will be conducted. The regulation is intended to cover those aspects and procedures of investigations of places of employment that have generally and informally been utilized by NIOSH since the adoption of the Act. The regulation, therefore, would not impose additional manpower or financial burdens on employers. In addition, the regulation would clarify how the results of the investigations are utilized, including how the results are used in NIOSH's research effort and how they are made available to the Occupational Safety and Health Administration, employers, employees and State agencies for their use in dealing with occupational safety and health problems.

Persons wishing to comment on these regulations should submit their comments in writing to the Regulations Officer, NIOSH, 5600 Fishers Lane (Park Bldg. 3-32), Rockville, Maryland 20852, to be received there prior to July 24, 1975. A copy of pages 26531 and 26532 of the Federal Register is enclosed setting forth Part 85a as proposed.

OSHA: CAVEAT ON "ON-SITE CONSULTATION" PROGRAM

The original purpose of the "On-Site Consultation" Program proposed earlier this year by OSHA was to make trained experts available to visit a workplace at the request of an employer to make recommendations on how to comply with OSHA standards. As originally envisaged, the program appeared to be especially worthwhile because consultants were to have been state employees with no connection with federal OSHA enforcement personnel.

However, when the final program was published on May 20, OSHA had made several revisions and the program, at present, permits the consultants to contact and bring in Federal OSHA inspectors anytime an OSHA violation is discovered during a consultation visit. Thus, instead of being a useful program to aid small employers in dealing with OSHA problems, it is now little more than a disguised enforcement mechanism. NJMA members should be aware of this beforehand. Members may also find it helpful to communicate opinions on these revised "On-Site Consultation" regulations to their congressmen and senators, urging them to request the Secretary of Labor to modify the May 20 regulations to constructively assist small employers in obtaining consultative services.

NEW JERSEY MANUFACTURERS ASSOCIATION

**PART 85a—OCCUPATIONAL SAFETY AND
HEALTH INVESTIGATIONS OF PLACES
OF EMPLOYMENT**

Sec.
85a.1 Applicability.
85a.2 Definitions.

Sec.
85a.3 Authority for investigations of places of employment.
85a.4 Procedures for initiating investigations of places of employment.
85a.5 Conduct of investigations of places of employment.
85a.6 Provision of suitable space for employee interviews and examinations.
85a.7 Imminent dangers.
85a.8 Reporting of results of investigations of places of employment.

AUTHORITY: Sec. 8(g), 84 Stat. 1600; 29 U.S.C. 657(g).

§ 85a.1 Applicability.

(a) Except as otherwise provided in paragraph (b) of this section, the provisions of this part are applicable to investigations of places of employment which are conducted by NIOSH pursuant to sections 20 and 8 of the Occupational Safety and Health Act of 1970.

(b) The provisions of this part do not apply to those activities covered by Part 85 of this title.

§ 85a.2 Definitions.

Any term defined in the Occupational Safety and Health Act of 1970 and not defined below shall have the meaning given it in the Act. As used in this part:

(a) "Act" means the Occupational Safety and Health Act of 1970 (29 U.S.C. 651 et seq.).

(b) "Assistant Regional Director" means any one of the ten Occupational Safety and Health Administration Assistant Regional Directors for Occupational Safety and Health who are located at the addresses specified in Part 1913 of Title 29, Code of Federal Regulations.

(c) "Investigation" means research projects, experiments, demonstrations, studies and similar activities of NIOSH which are conducted pursuant to section 20 of the Act.

(d) "NIOSH" means the National Institute for Occupational Safety and Health of the Center for Disease Control, Public Health Service, Department of Health, Education, and Welfare.

(e) "NIOSH authorized representative" means a person authorized by NIOSH to conduct investigations of places of employment, including any person that is fulfilling a contract agreement with NIOSH or is serving as an expert or consultant to NIOSH pursuant to the Act.

(f) "NIOSH Regional Office" means any one of the ten Department of Health, Education, and Welfare Regional Offices, the addresses of which are specified in § 5.31 of Title 45, Code of Federal Regulations.

(g) "Place of employment" means any factory, plant, establishment, construction site, or other area, workplace or environment where work is performed by any employee of an employer.

§ 85a.3 Authority for investigations of places of employment.

(a) NIOSH authorized representatives who have been issued official NIOSH credentials are authorized by the Director, NIOSH, for the purpose of section 20 of the Act and this part and pursuant to

PROPOSED RULES

26531

section 8 of the Act: To enter without delay any place of employment for the purpose of conducting investigations of all pertinent processes, conditions, structures, machines, apparatus, devices, equipment, and materials within the place of employment; and to conduct medical examinations, anthropometric measurements and functional tests of employees within the place of employment as may be directly related to the specific investigation being conducted. Such investigations will be conducted in a reasonable manner, during regular working hours or at other reasonable times and within reasonable limits. In connection with any investigations, such NIOSH authorized representatives may question privately any employer, owner, operator, agent, or employee from the place of employment; and review, abstract, or duplicate employment records, medical records, other records required by the Act and regulations, and other related records.

(b) Areas under investigation which contain information classified by any agency of the United States Government in the interest of national security will be investigated only by NIOSH authorized representatives who have obtained the appropriate security clearance and authorization.

§ 85a.4 Procedures for initiating investigations of places of employment.

(a) Except as otherwise provided in paragraph (b) of this section, NIOSH authorized representatives will contact an official representative of the place of employment prior to any site visits and will provide the details of why an investigation of the place of employment is being conducted. Prior to the initiation of a site visit of a place of employment:

(1) The appropriate State agency designated under section 18(b) of the Act, or if the State has been preempted as provided under the Act, the State agency which would benefit the most from the investigation's findings, will be notified of the investigation.

(2) If there is a local union at the place of employment, generally the local president or business manager will be notified of the investigation.

(3) The appropriate Assistant Regional Director will be notified of the investigation.

(b) Advance notice of site visits will not be given to the place of employment or local union at the place of employment when, in the judgment of the NIOSH authorized representatives, giving such notice would adversely affect the validity and effectiveness of an investigation. After the site visit has been initiated, and, as soon as possible thereafter, the NIOSH authorized representatives will contact those individuals stipulated in paragraph (a)(2) of this section about the nature and details of the site visit.

(c) In those instances where site visits are not necessary to the conduct of an investigation, the NIOSH authorized representatives will contact an official representative of the place of employment

either verbally or through a written communication and provide the details of why an investigation of the place of employment is being conducted. If appropriate, the NIOSH authorized representatives will contact those individuals stipulated in paragraphs (a)(1), (a)(2), and (a)(3) of this section about the nature and details of the investigation.

§ 85a.5 Conduct of investigations of places of employment.

(a)(1) Prior to beginning a site visit, NIOSH authorized representatives will present their credentials to the employer, owner, operator or agent in charge at the place of employment, explain the nature, purpose and scope of the investigation and the records specified in § 85a.3 which they wish to review, abstract or duplicate.

(2) In those instances where site visits are not necessary to the conduct of an investigation and the initial contact is made verbally, NIOSH authorized representatives will, at the request of the employer, owner, operator or agent in charge at the place of employment, provide a written explanation of the nature, purpose and scope of the investigation and the records specified in § 85a.3 which they wish to review, abstract or duplicate.

(b) At the commencement of an investigation, the employer, owner, operator or agent in charge at the place of employment shall precisely identify that information which is trade secret and might be seen or obtained by the NIOSH authorized representatives during the investigation. If the NIOSH authorized representatives have no clear reason to question such identification, such information will not be disclosed by NIOSH in accordance with the provisions of section 15 of the Act. Generally, NIOSH will not question trade secret designations; however, if NIOSH at any time does question such identification, not less than 15 days' notice to the employer, owner, operator or agent will be given of the intention to remove the trade secret designation from such information. The employer, owner, operator or agent may within that period submit a request to the Director, NIOSH, to reconsider this intention and may provide additional information in support of the trade secret designation. The Director, NIOSH, will notify the employer, owner, operator or agent in writing of the decision which will become effective no sooner than 15 days after the date of such notice.

(c)(1) NIOSH authorized representatives will be in charge of site visits conducted pursuant to this part.

(2) Where there is a request by the representative of the State agency and/or employees, who was notified pursuant to § 85a.4(a)(1) or § 85a.4(a)(2), respectively, to accompany the NIOSH authorized representatives during the site visit of the place of employment, the NIOSH authorized representatives will allow this request if they determine that this will aid the investigation: *Provided, however, That access by such person(s)*

to areas described in § 85a.5(c)(4) shall be in accordance with the requirements of such provision and, in regard to the representative of the employees, access to areas described in § 85a.5(c)(5) shall be with the consent of the employer, owner, operator or agent in charge at the place of employment.

(3) NIOSH authorized representatives are authorized to deny the right of accompaniment under this paragraph to any person whose conduct in their judgment interferes with a fair and orderly site visit.

(4) With regard to information classified by an agency of the United States Government in the interest of national security, only persons authorized to have access to such information may accompany NIOSH authorized representatives in areas containing such information.

(5) Upon request of an employer, owner, operator or agent in charge at a place of employment, any representative authorized under this section by the employees to accompany the investigation in any area containing trade secrets shall be an employee in that area or an employee authorized by the employer, owner, operator or agent to enter that area.

(d) (1) NIOSH authorized representatives are authorized: to collect environmental samples and samples of substances; to measure environmental conditions and employee exposures; to take or obtain photographs, motion pictures or video tapes related to the purpose of the investigation; to employ other reasonable investigative techniques, including medical examinations, anthropometric measurements and standardized and experimental functional tests of employees with the consent of such employees; to review, abstract and duplicate such personnel records as are pertinent to mortality, morbidity, injury, safety and other similar studies, and to question and interview privately any employer, owner, operator, agent or employee from the place of employment. The employer, owner, operator or agent shall have the opportunity to review photographs, motion pictures and video tapes taken or obtained for the purpose of identifying those which contain or might reveal a trade secret.

(2) Prior to the conduct of medical examinations, anthropometric measurements or functional tests of any employees, the NIOSH authorized representatives will obtain approval of the procedures to be utilized from the NIOSH Human Subjects Review Board and no medical examination, measurement or test will be undertaken without the informed consent of such employee.

(e) NIOSH authorized representatives will comply with all safety and health rules and practices at the place of employment and all NIOSH and Occupational Safety and Health Administration regulations and policies during a site visit and will provide and use appropriate protective clothing and equipment. In situations requiring specialized or unique types of protective equipment, such equipment shall be furnished by the em-

ployer, owner, operator or agent in charge at the place of employment.

(f) The conduct of site visits will be such as to preclude unreasonable disruption of the operations of the place of employment.

§ 85a.6 Provision of suitable space for employee interviews and examinations.

An employer, owner, operator or agent in charge at the place of employment shall, on request of the NIOSH authorized representatives, provide suitable space at the place of employment, if such space is reasonably available, to NIOSH to conduct private interviews with, and medical examinations, anthropometric measurements and functional tests of employees. NIOSH authorized representatives will consult with the employer, owner, operator or agent as to the time and place of the private interviews, medical examination, anthropometric measurements and functional tests and will schedule same so as to avoid undue disruption of the place of employment. NIOSH will conduct and assume the medical costs of interviews, measurements, examinations and tests conducted under this part.

§ 85a.7 Imminent dangers.

Whenever, during the course of, or as a result of, an investigation under this part, the NIOSH authorized representatives believe there is a reasonable basis for an allegation of an imminent danger, NIOSH will immediately advise the employer, owner, operator or agent in charge at the place of employment and those employees who appear to be in immediate danger of such allegation and will inform the appropriate Assistant Regional Director and the appropriate State agency designated under section 18(b) of the Act, or if there is no State agency designated under section 18(b) of the Act, the appropriate State labor or health agency.

§ 85a.8 Reporting of results of investigations of places of employment.

(a) (1) Specific reports of investigations of a given place of employment under this part, with identification of the place of employment, will be made available by NIOSH to the employer, owner, operator or agent in charge at the place of employment, with copies to the appropriate officials and Agencies notified pursuant to § 85a.4(a). Prior to release of such reports, a preliminary report will be sent by NIOSH to the employer, owner, operator or agent for review for trade secret information that may inadvertently be presented in the report.

(2) All specific reports of investigations of a given place of employment under this part will be available to the public from the NIOSH Regional Consultant for Occupational Safety and Health in the appropriate NIOSH Regional Office.

(b) (1) Any specific findings of individual employee medical examinations, anthropometric measurements and func-

tional tests will be released by NIOSH authorized representatives to the company physician, private physician, or other person only pursuant to the written authorization of the employee; otherwise, the specific findings and other personal records concerning individuals will be kept confidential pursuant to Part 1 of this Title and the Privacy Act of 1974 (5 U.S.C. 552a).

(2) In cases where an employee shows positive significant medical findings, the employee and the designated physician(s) mentioned in § 85a.8(b)(1) will be immediately notified by NIOSH.

(3) A summary of the findings of the examinations for each employee will be sent by NIOSH to the individual.

(c) The findings of a total investigation generally will be disseminated as part of NIOSH criteria documents, NIOSH technical reports, NIOSH information packets, scientific journals, presentations at technical meetings, or in other similar manners. These findings will be presented in a manner which does not identify any specific place of employment; however, it should be noted that investigative findings and reports are subject to mandatory disclosure, upon request, under the provisions of the Freedom of Information Act (5 U.S.C. 552).

APPLICATION FOR MEMBERSHIP

Resigned June 1966

TO THE BOARD OF DIRECTORS OF
FRICTION MATERIALS STANDARDS INSTITUTE, INC.

GENTLEMEN:

THE UNDERSIGNED HEREBY APPLIES FOR MEMBERSHIP IN THE FRICTION MATERIALS
STANDARDS INSTITUTE, INC. AS AN ACTIVE MEMBER, AND CERTIFIES TO THE FOLLOWING:

1. NAME OF APPLICANT: ROSSENDALE RUBOIL COMPANY
2. STATE OF INCORPORATION: DELAWARE
3. PRINCIPAL OFFICE: 32 EUCLID AVENUE, NEWARK, NEW JERSEY
4. DATE OF INCORPORATION: DECEMBER 1929
5. LENGTH OF TIME DEALING WITH FRICTION MATERIALS: 1930
6. TYPE OF FRICTION MATERIALS MANUFACTURED, AND APPROXIMATE ANNUAL CAPACITY OF
PLANT: WOVEN BRAKE LINING
ANNUAL CAPACITY 300,000 FEET
7. STATE APPROXIMATE AMOUNT OF SAID MATERIALS MANUFACTURED IN COMMERCIAL QUAN-
TITIES: ABOUT 250,000 FEET ANNUALLY
8. REFERENCE AS TO FINANCIAL STRENGTH IN RELATION TO OPERATIONS: NET WORTH \$ 127,441.
9. IS PLANT OWNED BY APPLICANT OR LEASED? OWNED BY AFFILIATE

THE UNDERSIGNED HEREBY ACKNOWLEDGES RECEIPT OF A COPY OF THE CONSTITUTION
AND BY-LAWS OF THE INSTITUTE AND AGREES THAT, IF ELECTED TO MEMBERSHIP, IT WILL
ACCEPT AND BE BOUND BY THE SAID CONSTITUTION AND BY-LAWS, TOGETHER WITH ANY AMEND-
MENTS THAT MAY FROM TIME TO TIME BE MADE THERETO.

THE UNDERSIGNED HEREBY DESIGNATES FRANK W. BARTON
AS ITS DELEGATE AND FRANCIS W. BARTON, JR. AS ITS ALTERNATE
DELEGATE, TO REPRESENT IT AT ANY MEETING OF THE MEMBERSHIP,

By

C. H. Brightfoot
PRESIDENT
