Subject: Shanghai Health Study - OP Reps on Shell Steering Team

David,

Thank you for your response to my message asking for recommendations for OP representation on the Shanghai Health Study Shell Steering Team. May I ask you to work with Mike and Ben to determine who will serve in the role? I am planning a meeting in early November to brief the new Base Chemicals VPs and Chemicals HSE VP. If you would like, all 3 of you could attend and then decide. I have no objection to all of you coming if you chose.

Thanks again for your help.

Regards,
Patsy

Patsy:

Due to the other people's schedule re OP-One and their on-going roles, I would suggest putting me down on the steering team and I will keep the other two posted as the study unfolds. Thus, just let me know when and where the meeting will be held and I will attend.

Many thanks

David
