NEW YORK OFFICE

October 30, 1947

L. E. Hamlin, M. D.
Director, Medical Department
Chicago

Thought you might be interested to know that we were finally able to get together with Dr. Lanza for lunch on Tuesday. He and Mr. Given got along first rate and they batted the ball around for an hour and a half or so on their various philosophies. We never did get around to the actual Pittsburgh speech although various points brought out in the speech were discussed in a general way.

I think they both--the doctor and Mr. Given--enjoyed each other tremendously, and of course I on the sidelines got a big kick out of it. The doctor is really quite a fellow.

The Pittsburgh talk is approaching final form and I think probably early next week we'll have it duplicated, at which time you will receive a copy.

K. Dawes
