GP Ans to Interr Laing v GP 10/2/87

States. Georgia-Pacific will make available for inspection by Plaintiff's counsel records concerning the sales of its asbestos-containing products, at the individual distribution centers located throughout the United States at a time mutually convenient to all parties.

~~11.~~ For the period 1920 to date, state the addresses of each facility, building, mine, mill or location which was used by you as a mining, milling, manufacturing or processing facility of asbestos or asbestos-containing products; and further state the inclusive dates such facilities were in operation.

ANSWER: The relevant manufacturing facilities to Plaintiff's geographical area were located at 1581 East 98th Street, Chicago, Illinois and Bloomingdale Road, Akron, New York. The Chicago plant was in operation between 1968 and 1981. The Akron plant has been in operation since 1956. Georgia-Pacific has never mined, milled or manufactured asbestos.

12. Please list each asbestos-containing product mined, manufactured, sold, marketed and/or distributed by Defendant, Defendant's predecessors, and Defendant's subsidiaries at any time since 1930; and please state the following for each named product:

A. The year it was first mined, manufactured, sold, marketed, or distributed, and if discontinued, the year and the reason such mining, manufacturing, sale, marketing or distribution stopped;
