My dear Miss Carruthers:

Mr. Johnson called us to his office this morning and showed us the correspondence he had had with Dr. Frankel stating the nursing service would be discontinued April 1, 1931.

We haven't heard any thing directly from Home Office or you.

We would appreciate very much if you would inform us something about it. We feel sure Metropolitan would notify us concerning nursing service.

Please let us hear from you as soon as possible.

Yours truly,
