Confirming our telephone conversation of 8/30/84, please review the attached memo from CED concerning use of non-asbestos gaskets and packing. Note the January 1, 1985 target date to stop purchasing asbestos-containing gaskets.

Dorothy Hardin and I are gathering information from various suppliers to determine availability, cost, chemical resistance, etc. of non-asbestos products.

If you have any more comments please let us know. We will keep you posted on our findings.
