Re: CPSC ID 79-109, General Electric Company
Hand-Held Hair Dryers

Dear Mr. Schalick:

The Consumer Product Safety Commission has reviewed General Electric Company's corrective action proposal for their hand-held hair dryers and has accepted it as adequate. The record of the Commission's ballot vote is enclosed.

The Commission's Boston Area Office will be monitoring your firm's corrective action proposal. Please submit progress reports of your recall to Edward J. Morganto, Boston Area Office, 100 Summer Street, Room 1607, Boston, Massachusetts 02110.

When you feel the corrective action proposal has been implemented to the best of your ability, please submit a final progress report to Edward J. Morganto and request that the file be closed. At that time the degree of your progress will be reviewed and this office will decide whether or not the file should be closed.

Thank you for your continued cooperation and assistance. If you have any questions, please contact either Edward J. Morganto on 617/223-5456 or Marvin Everhart on 301/492-6608.

Sincerely,

Catherine C Cook
