RESULTS TELL.

There Can Be No Doubt About the Results in Ventura

Results tell the tale. All doubt is removed. The testimony of a Ventura citizen. Can be easily investigated. What better proof can be had? James Meenan, corner of Mesa and Vine streets has to say about Doan's Kidney Pills: "When a boy I fell and my attending physicians told me my kidneys were affected, that they would be the weak spot in my anatomy all my life, that if I caught cold it would be sure to seat itself in those organs, and that I might expect trouble. His diagnosis proved correct, for ever since I have had trouble with my back. Sometimes I have been helpless, could hardly turn in bed, and to say I endured excruciatingly, mildly, expresses what I endured. Something struck me about an advertisement touching Doan's Kidney Pills, and I went to Jones & Son's drug store for a box. Now, I don't want it understood that an old chronic complaint like I had has been radically stopped, but this I can emphatically say: The treatment given by Doan's Kidney Pills brought me infinite relief."

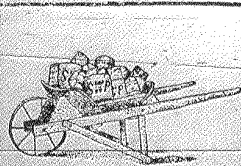

For sale by all dealers Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Boston 274 Years Old

On September 17th the city of Boston was 274 years old. There was no formal celebration of the event and comparatively few people realized that the municipality had reached such a ripe age. The Transcript, commenting upon the fact, says: "Although there is no evidence that a single person comprising Winthrop's colony was living on the peninsula now known as Boston on September 17, 1630, on that day, however, the Court of Assistants had a meeting in Charlestown, where the future Bostonians were then living, and they then and there solemnly ordered that the anniversary should be celebrated."
