Dr. Joseph C. Aub
Massachusetts General Hospital
Fruit St.
Boston 14, Mass.

Dear Joe:

I know you will be interested in an investigation of another case of alleged lead poisoning, this time an infant of two months.

The case originated in Dallas, Texas, as you will notice from the attached photostatic copy of the newspaper clipping.

We have just received a report from Dr. Womack, apparently the physician in charge, but frankly, I do not see how he can call this a genuine case of lead poisoning, do you?

With kindest regards,

Cordially yours,

Felix
