Your Paint Dollar— How Big in Five Years?

The Foolish Owner *ruined* his house by using Cheap Paint.

The Wise Owner *protected* his home with Pure Paint. PURE Paint will be good five or more years hence, if properly applied. Cheap paint cracks, crumbles, blisters and does not wear.

It's what paint covers that you want to save—not merely a few cents per gallon in first cost.

Fuller's Pure Prepared Paint and Fuller's Phoenix Pure Paint are worth the price, because they are made from Pioneer White Lead (chemically pure), Pure Zinc, Pure Linseed Oil and Pure Colors, perfectly mixed in correct proportions.

And remember, it costs just as much to apply cheap paint as it does Pure Paint.
