Mr. H. E. Palm
Plant Manager
Raybestos-Manhattan Inc.
Mansfield, Pennsylvania

Dear Mr. Palm:

I just received a letter from Dr. Thomas Mancuso, Chief, Division of Industrial Hygiene, Ohio Department of Health, requesting us to support his request for information needed in a research project conducted by the University of Pittsburgh and the Ohio Department of Health on asbestos workers.

We can not see any reason why this information should not be supplied to Dr. Mancuso particularly since it is hoped that the outcome of his study will enhance our knowledge of the health of workers exposed to asbestos. While we are not in any position to "endorse" the issuance of such information we hope that you will be able to supply Dr. Mancuso with it.

Very truly yours,

Jan Lieben, M.D., Director
Division of Occupational Health
