#9 BOILER, POWER #1

LAMAR PETERSON HAS BEEN IN CONTACT WITH A
CENTRAL AMERICAN BUYER THAT IS INTERESTED
IN #9 BOILER AT POWER #1. ALSO, THE STEAM
TURBINE DRIVES ON #8 BOILER IN PLACE OF
THE ELECTRIC MOTORS ON #9.
THE BUYER IS OFFERING \$25,000 FOR #9 BOILER
WITH THE BUYER PROVIDING THE LABOR.
BUYER WILL PAY COST OF REMOVAL OF STEAM
TURBINES.

ST0408666

BOILERS HAVE BEEN REMOVED ON THIS BASIS
IN THE PAST (#5 BEING THE LATEST) BUT I'M SURE
THE ASBESTOS WAS NOT CONSIDERED A PROBLEM
AT THAT TIME.

THE BUYER IS INTERESTED IN PAYING THE \$25,000
IMMEDIATELY AND STARTING WORK IN MAY.

I DO NOT BELIEVE BUYER IS AWARE OF CONSTRAINTS DUE
TO THE ASBESTOS.

I ESTIMATE THE BID ON POWER #1 WITH AND WITHOUT #9 BOILER
TO DIFFER BY \$20,000 IF THE BOILER IS REMOVED PRIOR
TO CONTRACT. A DIFFERENCE OF \$5,000 IF #9 BOILER
REMAINED.

LAMAR NEEDS TO KNOW IF DOW IS INTERESTED IN
DOING BUSINESS.
