Mike,

I want to connect you with Samantha Dravis (cc'd) who heads up our Office of Policy. She is interested in learning about MPCs operations, an overview of fuel logistics (i.e. Fred's briefing), an inside look at your HQ operations and getting the briefing you provided last week with particular emphasis on the RIN and RIN Value flow charts. Selfishly, I'd be interested in getting the fuels briefing again.

Samantha,

Mike is a good friend and one of the best lobbyists in town. He will set you up with whatever you need.

Best,  
Mandy
