SWP

SHERWIN-WILLIAMS PAINT, PREPARED

SWP is the most durable economical paint that can be made. It costs less per job and lasts longer than any other paint, either ready prepared or mixed by hand. It is made in one quality only, that the very best. It is sold world over by established agencies.

The man who buys the materials and prepares a paint himself, cannot possibly make a paint equal to SWP. It is a matter of hand work against mechanical efficiency; human guesswork against exact scientific formulae; hand-stirring against fine machine grinding. It is taking chances on the quality of the raw materials against the certainty of the scientific laboratory.

In the manufacture of SWP we spare neither skilled workmen nor the quality of the materials used in making it the finest possible. Our unusual facilities, paint knowledge, gained from 50 years of experience, enable us to manufacture a paint of great covering capacity, greatest durability, and therefore greatest economy.

SWP is prepared ready for use in a consistency as heavy as is required. Instructions for application should be carefully followed in order to secure best results.

Colors marked thus W also Outside Gloss White, Chip Gloss White, Flat White and Inside Varnish White, are higher in price than others on this folder. SWP is also made in Black, No. 467. See paint sheet

SHERWIN-WILLIAMS

VERDAS GREEN

Verdas Green is a paint of the highest quality. It is furnished in convenient form, ready to use, and is especially designed to provide a pleasing color accent for window blinds and shutters, lattice work and ornamental iron, sash, etc.

Because of its piquant clearness of tone, Verdas Green is most effective against a setting of brick or stucco. The color is fast to light, and the paint is made to withstand all sorts of weather.
