

Annotations from froehlich.pdf

Page 39

Annotation 1; Label: Conard Metcalf; Date: 3/27/2001 1:32:30 PM
TLV = total particles

Page 42

Annotation 1; Label: Conard Metcalf; Date: 3/27/2001 1:33:52 PM
Conversion fibers to particles/cf

Page 43

Annotation 1; Label: Conard Metcalf; Date: 3/27/2001 1:34:45 PM
Safety does not equal occupational exposure limits

Page 44

Annotation 1; Label: Conard Metcalf; Date: 3/27/2001 1:35:18 PM
Brake knowledge

Page 45

Annotation 1; Label: Conard Metcalf; Date: 3/27/2001 1:36:09 PM
brake exposure levels

Page 47

Annotation 1; Label: Conard Metcalf; Date: 3/27/2001 1:37:27 PM
brand or manufacturer of brake not significant to exposure

Page 48

Annotation 1; Label: Conard Metcalf; Date: 3/27/2001 1:38:07 PM
air hose blowing off dust

Annotation 2; Label: Conard Metcalf; Date: 3/27/2001 1:38:37 PM
Change in procedure

Page 50

Annotation 1; Label: Conard Metcalf; Date: 3/27/2001 1:39:06 PM
Not aware of warnings

Page 51

Annotation 1; Label: Conard Metcalf; Date: 3/27/2001 1:40:26 PM
Excess exposure can occur during brake work

Annotation 2; Label: Conard Metcalf; Date: 3/28/2001 9:58:39 AM
TWA excess

Page 52

Annotation 1; Label: Conard Metcalf; Date: 3/28/2001 9:59:10 AM
Periodically exceed old TLV

Annotation 2; Label: Conard Metcalf; Date: 3/28/2001 10:17:40 AM
Bystander exposure

Page 54

Annotation 1; Label: Conard Metcalf; Date: 3/29/2001 3:28:29 PM
Hazard to brake mechanics

Page 55

Annotation 1; Label: Conard Metcalf; Date: 3/29/2001 3:30:16 PM
Similarity between brakes by diff manufacturers

Annotation 2; Label: Conard Metcalf; Date: 3/29/2001 3:31:30 PM
No opinion re: meso in brake workers

Page 56

Annotation 1; Label: Conard Metcalf; Date: 3/29/2001 3:31:58 PM
Meso risk

Annotation 2; Label: Conard Metcalf; Date: 3/29/2001 3:32:25 PM
Lung Cancer risk

Annotation 3; Label: Conard Metcalf; Date: 3/29/2001 3:33:11 PM
asbestosis risk

Annotation 4; Label: Conard Metcalf; Date: 3/29/2001 3:33:33 PM
warnings no knowledge

Page 58

Annotation 1; Label: Conard Metcalf; Date: 3/29/2001 3:34:34 PM
blow out dust is asbestos

Page 59

Annotation 1; Label: Conard Metcalf; Date: 3/29/2001 3:35:07 PM
percent fosterite

Page 60

Annotation 1; Label: Conard Metcalf; Date: 3/29/2001 3:35:38 PM
fosterite same effects as asbestos due to size and shape

Page 61

Annotation 1; Label: Conard Metcalf; Date: 3/29/2001 3:36:20 PM
two brake jobs a day is substantial exposure.

Page 62

Annotation 1; Label: Conard Metcalf; Date: 3/29/2001 3:37:00 PM
fosterite cause same health effects as asbestos

Page 64

Annotation 1; Label: Conard Metcalf; Date: 3/29/2001 3:38:17 PM
slitter dept exposures manufacturing

Page 70

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 8:49:22 AM
fans could increase exposure

Page 72

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 8:50:45 AM
half of a brake lining is composed of asbestos. 72

Page 73

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 8:51:38 AM
cumulative exposure is important to disease cause. 73

Page 74

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 8:52:20 AM
Replacing brake shoes on farm equipment is a potential source of exposure. 74

Page 75

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 8:53:17 AM
Other GM work

Page 77

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 8:54:28 AM
Lowest level of dust in air sampling. 77

Page 81

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 8:56:25 AM
Environmental exposure from brakes.

Page 82

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 8:56:56 AM
His personal use of protection during abatement. 82

Page 88

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 8:59:31 AM
Travel of airborne asbestos fibers

Page 89

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 9:00:36 AM
generation of airborne asbestos from brakes is greater than raw asbestos. 89

Page 90

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 9:16:55 AM
Source of fibers not helpful. 90

Annotation 2; Label: Conard Metcalf; Date: 3/30/2001 9:17:29 AM
Tremolite significance

Page 91

Annotation 1; Label: Conard Metcalf; Date: 3/30/2001 9:17:57 AM
significance of air currents keeping fiber airborne. 91

Annotation 2; Label: Conard Metcalf; Date: 3/30/2001 9:18:35 AM
Level of dust at which it becomes visible. 91

Bystander Exposure. 94
