Dear Samantha

Thank you for note and your updated details. I believe I had been given your other email earlier this year before Scott Pruitt had taken office and will be sure to delete from my system.

Many thanks

Abigail

Subject: Keynote Speaking Invitation Scott Pruitt - World Agri-Tech Innovation Summit, San Francisco, March 20-21st 2018

Dear Executive Office

We would once again like to invite the Honourable Scott Pruitt to give the keynote opening address at the World Agri-Tech Innovation Summit that forms part of the Rethink Ag & Food Week (RAFI) taking place at the **Hilton Union Square in San Francisco on the 20-21th March 2018**. The series of Summits we are hosting that week connects agri-food corporates, innovators and investors from around the world to uncover the most exciting innovations in food and agriculture and forge the right partnerships to take those solutions to market.

I have attached the draft programme for this year and our programme for the event that we hosted in San Francisco earlier this year for your interest, and please let me know if you require any further information at this stage.

Yours Sincerely

Abigail
