Sorry my assistant has been out the past couple of days. I will be unavailable on 4/28 but hope we can find time on 4/27.

Thanks Byron. We'd like to get some information about the future of the EPA SmartWay program and also try to get a sense of the future of the CA waiver. Additionally, SmartTruck would like to share some technical information regarding some issues with testing methodologies utilized in SmartWay program. Happy to have you include relevant program office staff. Look forward to reconnecting.

Hi Aaron – Yes, of course I remember you. Happy to meet. Is this an informational meeting, or do they have an ask? Assume it's OK to involve relevant program office staff.

Hi Byron,

Congratulations on the new position! We worked together a bit when I was with Leader Cantor and managed the Resources Committee and also when I moved over to the Committee for a few months after Eric lost.

I wanted to see if you had time on April 27th or April 28th to meet with the CEO (Steve Ingham) and Senior VP (Steve Wulff) of SmartTruck. They want to discuss the EPA SmartWay program with you. SmartTruck is a technology company that provides precision aerodynamic components that reduce drag and improve fuel mileage for heavy truck trailers based in Greenville, SC.

Thank you very much,

Aaron
