Subject: Consultation on Proposed Comprehensive Restriction/Ban for All Per and Polyfluoroalkyl (PFAS) Substances

Dear all

Past few weeks several of our members have received multiple questionnaires seeking to collect data to assess potential impacts and unintended consequences of a comprehensive PFAS restriction.

Our members are working hard to collect the requested data, but the way the data-collection is currently organized creates some practical challenges and raised some questions.

More details and some suggestions to improve the process are included in the attached document.

We would highly appreciate if you would consider our requests and suggestions.

Please feel free to contact me (contact details below) or [REDACTED] 5.1.2e ([REDACTED] 5.1.2e@plasticseurope.org | [REDACTED] 5.1.2e) for more information.

Best regards
