

INSPECTION REPORT

Inspection Entry Date/Time	4/18/2024 01:30 PM (CT)	Announced: No		
Inspection Exit Date/Time	4/18/2024 02:15 PM (CT) Closing Conference	Access: Granted		
Regulatory Program	RCRA			
Type of Inspection	Focused Compliance Inspection (FCI)			
Facility or Site Name	Dynamic Environmental Services, LLC			
Facility/Site Identifier	LAR000102558			
Facility/Site Physical Address	570 AO Rappelet Rd			
City, State, Zip Code	Golden Meadow, LA 70357			
County/Borough	Lafourche Parish			
Generator Status	Transporter			
NAICS	<u>None</u>			
Type of Operation	Waste Transportation			
Geographic Coordinates	29.12864, -90.19105			
Mailing Address/Secondary Address	N/A			
City, State, Zip Code	N/A			
Permit Number (If Applicable)	Not Applicable			
Additional Persons Participating in Inspection:				
Name	Title	Organization	Email	Phone
Joyce Johnson	Inspector	EPA Region 6	Johnson.Joyce-r6@epa.gov	(214) 665-8548
Dedriel Gardner	Inspector	EPA Region 6	Gardner.Dedriel@epa.gov	(281) 983-2133
George Wieber	Contractor	Eastern Research Group (ERG)	George.Wieber@erg.com	443-883-5253
Lead Inspector:				
Brook McKeown				9/11/2024
	ERG		Brook.McKeown@erg.com	(410) 459-5811

SECTION I – INTRODUCTION**Site Entry and Purpose of the Inspection**

The Port Fourchon and surrounding facilities were selected for inspection based on an Environmental Justice and Regional initiative to evaluate facilities at ports receiving or transporting Resource Conservation and Recovery Act (RCRA)-regulated hazardous wastes, and/or have an International Convention for the Prevention of Pollution from Ships (MARPOL) Annex V Certificate of Adequacy (COA) issued by the U.S. Coast Guard (USCG).

This report is based on information supplied by the facility representatives, inspector observations, port related facilities, records, verbal or written statements made during or after the on-site inspection, and/or materials shown, demonstrated, or submitted to the EPA during or after the on-site inspection. In addition, information gathered prior to or after the inspection from a review of EPA, State, and public records may be included in this report.

Facility General Description

Tenant/Area	Inspection Date	Process Description	Area of Concern
Dynamic Environmental Services, LLC	4/18/24	Dynamic Environmental Services LLC (DES) operates as a transporter of waste for Port Fourchon tenants using a fleet of trucks including vac trucks, double rails, and end dumps. DES typically transports only RCRA-exempt E&P wastes or nonhazardous wastes. DES does have a driver on its staff that is certified to transport hazardous waste, but transporting hazardous waste is not typical. DES does not maintain a MARPOL COA.	No

SECTION II – OBSERVATIONS**Tenant:** Dynamic Environmental Services, LLC**Section:** 2**Date:** 4/18/2024, 1:30 P.M.**Contains AOC:** No**Contains CBI:** No**Lead Inspector:** Brook McKeown**Attendees:** Seth Candies (Field Manager)

Mr. Candies provided the inspection team with an overview of Port Fourchon operations at DES. DES serves as a transporter for port tenants and primarily transports E&P wastes and nonhazardous wastes via a fleet of trucks including vac trucks, double rails, and end dumps. DES leases a space at Port Fourchon where the trucks are kept. Mr. Candies stated that trucks at the site are either empty or temporarily staged overnight for one night during transport of the material. DES is registered as a transporter of hazardous waste (EPA ID LAR00006844), but Mr. Candies stated that only one of his drivers is certified to transport hazardous waste and that DES rarely transports hazardous waste. DES accepts material for transport from various port clients and transports the material to various off-port destination facilities as directed by the port client. Mr. Candies also stated that the trucks used for transport are washed at the destination facility.

While at the site, the inspection team conducted a brief walkthrough and did not observe any apparent AOCs; however, further EPA review may add to the facility's potential AOCs. The inspection team did not request further documentation and conducted a closing conference onsite.

SECTION III – RECORDS REVIEW

No RCRA-regulated records were reviewed during this focused onsite inspection.

SECTION IV – AREAS OF CONCERN

The presentation of Area(s) of Concern does not constitute a formal compliance determination or violation. The inspection team did not identify apparent areas of concern while on site at DES in Golden Meadow, LA.

SECTION V – FOLLOW UP

EPA did not request additional documentation from DES and did not identify apparent areas of concern during the inspection. DES did not send any follow-up email or correspondence related to this inspection.

SECTION VI – LIST OF APPENDICES

None.
