Dr. Robert A. Kehoe
Professor Emeritus of Occupational Medicine
Kettering Laboratory
Eden and Bethesda Avenues
Cincinnati, Ohio 45219

Dear Dr. Kehoe:

The report on your investigation of lead-containing hair dyes was received in late December. I circulated the copies and asked for comments. There were no adverse comments and therefore there are no questions at this time.

We assume that the industry will present a color additive petition in the future. At any time that you and your associates wish to set up a conference with members of FDA, we shall be glad to hear from you.

I hope that you are having an enjoyable vacation.

Sincerely yours,

O. G. Fitzhugh, Ph.D.
Toxicological Advisor,
Bureau of Science
