SUBJECT : 2,4 DCP

REFERENCE :

TO : ~~Ed M. Wente~~ - N3A

Transbas, Inc. has purchased the Ag Company's 2,4 D labels. In order to develop their EPA data, they have asked us for the following information on 2,4 dichlorophenol.

1. Analysis of 2,4 DCP showing all components of 0.1% or larger, by weight.
2. The analytical methods used to determine the components in #1.
3. The isomers and their ranges present in 2,4 DCP.
4. A listing of the dioxins present in 2,4 DCP and their detected levels.

In addition, Transbas requested a 5 gal. sample of 2,4 DCP, which we will forward.

Thank you in advance for your help. Please call me if you have any questions.
