Well, you see the address below. I am in 3320. Just come to the North Building. It faces Pennsylvania but the entrance is on the South side of that building. Security will call my office. Look forward to seeing you.

Albert Kelly  
Senior Advisor to the Administrator  
1200 Pennsylvania Avenue, NW  
Washington, DC 20460

Mr. Kelly,  
We would be glad to meet regarding our potential to become more directly involved with Superfund. I would suggest that we could meet with you at any time in Thursday. If you can pencil in a time, we will make arrangements accordingly.

We are looking forward to meeting up.

Mark

**Subject:** RE: ELT Followup to the Superfund Initiative Roundtable

Your email prompted my tardy response to Mr. Jostes. I have been traveling for eight days which made it a bit more challenging. I am interested in what your company provides and whether that intersects with what we are doing with Superfund now.

Albert Kelly

**Subject:** RE: ELT Followup to the Superfund Initiative Roundtable

Mr. Kelly,  
I just returned to the office after camping in Colorado. I was wondering if you had established a time for Randall and I to join you? We will stand by and look forward to meeting. Please let us know if you have any specific topics that are of interest so that we might be better prepared for the audience that you gather.

Regards,  
Mark Underwood, PhD

Mr. Kelly,

This is Randall Jostes, CEO of Environmental Liability Transfer, Inc. (ELT). We have not met but I have been following closely the communications between you and my colleague, Dr. Underwood. Mark is out of cell range on a camping trip. However, I have checked his schedule with mine and we can be in DC the afternoon of August 22 all the way through to Friday, August, 25. Please let us know what works best for you and your team.

Kind regards,

Randall Jostes  
CEO  
Environmental Liability Transfer, Inc.  
1650 Des Peres Road, Suite 303  
Saint Louis, Missouri 63131

If it not too much trouble to you, meeting in DC next week would be better for me. If that doesn't work, I can try a schedule change to come your way. I have more than just myself that I would like in the meeting.

Hi Albert,  
It was a pleasure to meet you last Thursday at the Superfund Initiative Roundtable. I think the Roundtable and the preceding Superfund Task Force Recommendations provided potentially beneficial recommendations to facilitate the revitalization of the Superfund Program. To this aim, I believe ELT has some fairly unique viewpoints that can improve some of the recommendations, and we would like to share these with you in a meeting in the near future. Within the focus of our business model (Environmental liability transfers) are opportunities that advance overall objectives of Superfund while using non-traditional approaches.

As I conveyed, our office is in St. Louis. We would be delighted to host you, and I would suggest a time when our Cardinals are in town (Aug 22 to 27, and Sept 8 to 14). If travel is difficult for you and your schedule, I suggest that we could travel to your location.

Please let me know if a meeting will work, and how it might work best for you.  
Regards,

Mark Underwood / PhD  
Environmental Liability Transfer / EAG
