Ray,

I will be there for sure and don't forget to get me your non-DOI regulatory relief wish list to make the coal more cost-competitive. I'll then explore options on those items with other agencies.

Thanks,  
Scott

Scott--

I hope David spoke to you about this meeting (as he indicated he would). It is not a simple regularly scheduled task force meeting but an opportunity for Navigant to provide a real discussion on the economic viability of NGS --as well as gas and coal prices. This is what Jim requested in early February. Our folks got squeezed at the tail end of the last meeting so this is especially important.

While the list of attendees that David sent is solid, being able to directly provide this information to Jim is vital. Would appreciate if he could at least stop in for half an hour. Please let me know so I can adjust schedules appropriately.

Quite frankly if you are the one briefing the Secretary, your participation is paramount as well. Much appreciated.

Thanks. We certainly don't need Jim for the whole meeting, perhaps 30 minutes will suffice. However, given the lack of time for our presentation at the broader meeting, I think it is imperative that he get the benefit of a more fulsome presentation. Let me know if we need to reschedule for later in the day on Thursday or sometime on Friday. I will need time to modify travel arrangements. Given the time constraints, I am reticent to delay the meeting beyond this week. Many thanks for your leadership on this issue.

**Subject:** Peabody/Navigant Meeting - March 23

Hi Ray and Pat:

Below are the folks who have confirmed attendance for the upcoming March 23 meeting regarding the Navigant work:

- Lead Political, Assistant Secretary for Water & Science
- Acting Principal Assistant Secretary for Water & Science
- Department of the Interior, Assistant Director Office of Policy Analysis, and Chief Interior Economist
- 3 Department of the Interior Economists
- Reclamation, Deputy Commissioner, Operations
- Reclamation, Program Manager, Navajo Generating Station - Environmental Program Manager - Post 2019 Operations
- Reclamation, Program Manager, Navajo Generating Station - Post 2019 Operations

- Reclamation, Program Manager, Navajo Generating Station - Engineering & Operations
- Reclamation, Lead Accountant, Navajo Generating Station

I will have an update later today if Jim Cason will be able participate in some of the meeting.

If I can help with anything, just let me know.

Thanks,

David
