

(Drislane - Purcell)

1 package where a possibility exists that the product might be
2 used in such manner that an airborne dust problem could be
3 created. A number of responsible asbestos products
4 manufacturers already are following this procedure and there
5 is a good possibility that it may be made mandatory in future
6 regulations."

7 Q Does that accurately state the view of the
8 Institute as of 1973?

9 MR. FRIESTEDT: Objection to form.

10 A That accurately states what Ike Weaver said
11 there. I -- I -- I have no idea. The Institute didn't put
12 out a position paper or anything like that, it circulated
13 this information to them.

14 Q As chairman of FMSI Asbestos Study Committee, was
15 Mr. Weaver the senior individual at the FMSI charged with the
16 study of asbestos?

17 MR. FRIESTEDT: Objection to form.

18 MR. BOATTI: Objection.

19 A He was the chairman of the Asbestos Study
20 Committee.

21 Q Was there anyone more involved with the study of
22 asbestos than Mr. Weaver at that time --

23 MR. BOATTI: Objection.
