Dear [REDACTED]

Everything should be set for the meeting tomorrow. I have added all relevant information including our cell phone numbers in the invitation and the meeting. [REDACTED] and [REDACTED] will wait to [REDACTED] at the information desk at the entrance of the building. Just in case, would you mind sending me [REDACTED] phone number so I can add it in the meeting notice.

Thank you again for your kind help.

With kind regards,

[REDACTED]

Dear [REDACTED]

Regarding next week's meeting with [REDACTED] we have organized a meeting room at American Chamber of Commerce to the European Union, Avenue des Arts/Kunstlaan 56, 1000 Brussels, Belgium. It is about 10 min taxi ride from the Thon Hotel Brussels City Centre. More details to follow.

Could you please let me know if this location is convenient for [REDACTED] ?

Thank you. With my best regards,
[REDACTED]

Dear [REDACTED]
Many thanks for your message.

Wednesday 24 April at 15:00 would be perfect. I will come back to you regarding the venue. For the time being I will send an outlook invitation with place tbd.

Thank you very much for your kind help.

Best regards,

Dear [REDACTED]

Thank you for your message.

[REDACTED] would propose to meet on Wednesday 24 April at 15:00. If preferred, he could also be available at 16:00.

Regarding the venue, would you have any suggestions? In case you are a member of an industry association, would it be possible for you to book a meeting room at the premises of an association? If not, one option could be to meet in the lobby of the Thon Hotel Brussels City Centre.

Kind regards,

[REDACTED]

Dear [REDACTED] dear [REDACTED]

I come back to the correspondence below. Have you been able to check agenda if a meeting during the week of April 22 is still possible ?

We fully understand that ECHA generally gives precedence to dialogues with industry associations over individual enquiries but wanted to point out that [REDACTED] is strongly involved in the discussion between the US aerospace and aviation industry and the US government regarding chemical substances, which would be an interesting perspective.

Many thanks for your help.

With kind regards,

[REDACTED]

Dear [REDACTED]

Thank you for your initiative in proposing a meeting with [REDACTED]

[REDACTED] the Executive Assistant to [REDACTED] has been copied in this correspondence and is the most appropriate contact to pursue your request further. ECHA generally gives precedence to dialogues with industry associations over individual enquiries. This approach allows us to manage our resources efficiently while ensuring we engage with a broad spectrum of stakeholders.

Nevertheless, please rest assured that your request has been duly noted, and you will receive a definitive response directly from the Executive Director's office. We are committed to maintaining an open dialogue with all our stakeholders, and we appreciate your understanding of our process, which may take some days due to the upcoming Easter break.

Best regards from Helsinki

Dear [REDACTED]

We met in January of last year in the frame of a visit of the of a delegation of the American Chamber of Commerce (AmCham) EU to ECHA and a meeting with [REDACTED] and yourself.

I am contacting you behalf of [RTX](#), today one the largest aerospace & defense companies in the world with about 26 000 employees in Europe and 190 000 wxorldwide. The Director and Lead of RTX Global Chemical Substances Programs [REDACTED] will be in Europe during the week of April 22 and would like to take the opportunity to meet

with ECHA to discuss about REACH progress and challenges relating to aerospace and defense. [REDACTED] also leads the discussions for RTX with the US government regarding PFAS and would be happy to provide his insights about this topic on this site of the Atlantic.

Would you and eventually [REDACTED] be available to meet with [REDACTED] at ECHA's facilities for a short exchange ? Providing your availability I will propose a more detailed agenda.

Looking forward to your response I remain with,

Kind regards,

[REDACTED]

Subject: RE: ECHA-EASA cooperation

Dear [REDACTED]

Thank you for your response and thank you again for the constrictive exchange we had in Helsinki a couple of weeks ago with AmCham EU.

I took a quick look at the link you send me which is very interesting indeed. I wonder whether it would make sense to organize an exchange both with EASA, ECHA and industry to specifically bring-up the concerns of the aerospace and defense industry regarding certain REACH topic (I specifically mentioned BPA, PFAS and lead in our meeting) ? Do you think there could be a possible forum for this ?

Looking forward for your response.

With kind regards,

Subject: [External] ECHA-EASA cooperation

Der [REDACTED]

Thank you again for your visit to the Agency as part of the AmCham delegation on 6 March 2023.

I mentioned in the meeting that ECHA cooperates with other EU agencies to avoid duplication and promote a good understanding of the respective regulatory context. I referred to EASA and EMA as examples.

As regards the cooperation with EASA, you can find more information on the ECHA website at [All news - ECHA \(europa.eu\)](#).

Best regards from Helsinki
