

bought them, with all the beautiful color tones brought back again. And all of the dirt and grease have been taken out of the carpets by absorption and evaporation. The work has been light and easy compared with the old heavy task of removing and relaying the carpets.

HIGH TESTIMONIALS FROM LEADING HOTELS

The producers of Del Monte Cleanser claim, from various tests

their hands these days, as they find many effective cleansing preparations that destroy the delicate outer cuticle of the skin, ruining their fine white appearance, and leaving them coarse and red. Almost daily in every household some garment, tablecloth or napkin is soiled or spotted in some way. Del Monte is invaluable in such an emergency. In such a case just lay the fabric or garment on a table and apply a solution of Del Monte with a stiff brush, rubbing well in. Rinse off

manufacturers of Del Monte have shipped 4000 packages to Eastern points, 1000 to Canada, and many to Mexico and the Orient. The product is shipped daily to almost every state in the Union, and during the last year business has increased enormously. The company has a number of salesmen on the road, and from their correspondence the indications are that the 1921 business will far exceed that of last year. For it is the use of Del Monte that sells it.
