FROM: LARRY KELM
RE: OSHA PVC LABELING REQUIREMENTS

DATE: SEPT. 7, 1984

Following up on Charles Beresford's memo of August 28, 1984, I would like to suggest that we have a meeting in my office on Wednesday, September 19, 1984 at 9:00 a.m. to further discuss the issue. Unless I hear to the contrary, I will assume this date and time meets with everyone's approval.
