Good Morning Kevin,

I have your GRAMA request completed, the only items I have redacted are those that are considered protected because they are private email, phone number or addresses, you will see the document is named redacted if anything was redacted on it. They are personal contact information is probably either private (63G-2-302) or protected 63G-2-305) under GRAMA. Please let me know if you have any questions or if you cannot open this for any reason.

Thank you
Jenny
