FIRST-CLASS COVERAGE

NAPA engine bearings assure you first-class coverage in many ways:

- Application–they cover virtually every need, from imports to heavy-duty engines, gas or diesel.
- Quality–they meet the most demanding original equipment specifications.
- Availability–they're quickly and readily available when you need them.
- Reputation–your customers know and trust their reliable performance.

In first-class engine bearings, with profits to match, NAPA has you covered every way.
