

1 Q Yes.

2 A The Mount Sinai study was on shipyard
3 workers and some gas mask workers from World War II.

4 Q Am I correct that they pulled this
5 literature for you because of the research that you
6 were doing?

7 A Yes, we had hundreds and hundreds of
8 documents that were pulled over the time period that
9 were appropriate relative to friction materials.

10 Q Now, the jury has heard about a Dr. Irving
11 Selikoff from Mount Sinai.

12 Did you actually meet Dr. Selikoff?

13 A Yes. Dr. Irving Selikoff was director, I
14 think, of the Environmental Research Laboratories or
15 something like that. It is a division of Mount Sinai
16 Hospital.

17 Q Do you remember approximately when you met
18 him?

19 A I know the first time I met him was in 1970
20 when he gave a seminar at our building.
