Dear Sirs,

Arocloc 1248.

From time to time we have had complaints from our Operators who use Aroclor 1248 in the course of their work, that this is sometimes splashed in their eyes and causes extreme irritation.

We would be obliged if you could let us have information regarding the composition of Aroclor 1248 and possibly suggest a suitable antidote.

Any assistance you can give us would be greatly appreciated.

Yours faithfully,
For SATCHWELL APPLIANCE CONTROLS LTD.
