

INTER-OFFICE MEMO **TENNECO CHEMICALS, INC.**

TO J. Fath
FROM W.C. Champion
SUBJECT VCM Personal Monitoring

AT Piscataway
AT Burlington

DATE June 5, 1975
COPY TO G.I. Rozand
P.R. Scarito - Burl. Data
J.T. Sweeney - Flem. Data
F. Toca
File

Attached are the VCM personal monitoring exposure values for Burlington, Flemington and Compound Plant, by job classification, for the month of May, 1975.

The number of fifteen-minute samples taken for the two resin plants is less than in previous months. The reason for this is to provide analytical time for the taking of eight-hour TWA samples. The results of the eight-hour TWA samples taken during May are appended.
