Subject: WHITTAKER, CLARK & DANIELS TALC, SPEC #10362

Please note in your records of approved vendors that Whittaker, Clark & Daniels is put on hold and no longer a qualified supplier of our talc per Spec #10362; this is due to periodic complaints over the past years on high counts of gram negative.

I will notify the vendor. Please tell me if you would like to talk to their people or need samples for testing.

Thank you.
