Dear Dr. Kehoe:

Many thanks for your letter of July 11th. Inasmuch as there is the possibility that either Maryland Casualty Company or Orange State Oil Company will attempt to obtain reimbursement from Ethyl for any compensation payments, I think it advisable that we have in this office copies of any memoranda now in your possession detailing your investigations and their results as well as the copies of your report to the officials of Orange State Oil Company and appended letter and copy of your report to the physicians in Jacksonville, referred to in your letter.

As the provisions of our policy with The Travelers require full cooperation with that Company, it may be necessary to furnish it with copies of the reports which I am requesting and I assume you have no objection to that procedure.

Very truly yours,

B.C. Loder
