

ETHYL CORPORATION

INTER-OFFICE CORRESPONDENCE

TO	Dr. Robert A. Kehoe	ADDRESS	Cincinnati
FROM	E. O. Jones	ADDRESS	New York
SUBJECT	Shipment of Fluid in Liter Cans	DATE	May 23, 1947

Attached is a copy of a letter concerning the shipment of a small quantity of tetraethyl lead. Since this shipment was without our knowledge, and corresponds very closely to the type of shipment frequently authorized by Dr. Calingaert and his associates, do you feel that the same procedure and liberality of judgment can be exercised by the Manufacturing Department management as that now extended by you to Detroit?

This matter has not been discussed with the Manufacturing Department group in New York as we would prefer to have your comments first.
