Future Meeting

October 9, 1979 - Murray Hill, N. J. - 9:00 a.m.

Asbestos Guidelines

Mr. Beach initiated the discussion of the comments received on the draft version distributed at the July 11, 1979 meeting. Considerable debate was held on the basic content of the guidelines, particularly with respect to the section regarding medical surveillance programs and the section detailing corporate responsibilities.

All of the comments discussed at the meeting as well as a general restructuring of some of the material will be incorporated into a new typed version for the next OHWG meeting.
