Subject: RE: Meeting on Cellulosic Biofuel

Stratton - Thank you for the kind introduction and the meeting proposal.

Ryan,

The Coalition for Renewable Natural Gas (RNG Coalition) looks forward to potentially sitting down together as a group with your team and Ameresco, as your schedule permits.

For coordination purposes here... We can make ourselves available as early as the first part of next week, and can also accommodate a meeting at a convenient time for you after that.

Thank you.

Sincerely,

Marcus Gillette

Director of Public & Government Affairs

Coalition for Renewable Natural Gas

Ryan,

I write to request a meeting on behalf of our client Ameresco in regards to the proposed 2018 volume requirements under the Renewable Fuel Standard program for cellulosic biofuel.

Ameresco is a member of the Coalition for Renewable Natural Gas. The Coalition's member companies generate cellulosic biofuel under the Renewable Fuel Standard and produce a predominant share of D3 RINs. Biofuel from RNG Coalition members comprised more than 90 percent of D3 RINs generated under the RFS in 2015 and 2016.

Ameresco and the Coalition for Renewable Natural Gas would greatly appreciate the opportunity to meet with you to discuss the proposed 2018 RVO. Should it be useful, we have attached copies of the Coalition's comments submitted to the EPA and OMB earlier this year.

I hope you had a great 4th and we look forward to seeing you soon.

Regards,

Stratton
