Dear Ms. Harrison:

You have been previously notified on June 2, 1978, of our plans to salvage about 1,000 linear feet of 4" steel pipe, by removing friable asbestos from it and recovering the pipe. This project was due to begin June 15, 1978, and end by July 10, 1978. Due to more important maintenance work, we have found it necessary to postpone this salvage operation until August, 1978.

This letter will serve as a notification of this work, as required by 40 CFR 61.22 (d)(2). The attached data sheet lists all the pertinent data.

Please contact me if you have any questions or comments.

Very truly yours,

P. E. Hime
Plant Manager
