Hi [REDACTED]

Thanks for informing me and it is a pity you or your colleagues cannot make it. We do not have a remote connection.

Attached you will find my draft presentation on the entry text with several questions to the group. Feel free to provide your input in advance of the meeting. [REDACTED] will present and discuss the preparation of the SEA part during the WP7 meeting of next week.

Kind regards,

[REDACTED]

Hi [REDACTED]

Thanks again for this invitation. We would have very much liked to have joined in person but after discussions with our hierarchy we would not be able to get permission to travel this time because of the nature of the meeting (only statutory meetings can be attended in person). Our new travel rules are very strict.

However, we are very happy to join and contribute remotely assuming that you will have this possibility. I would not be available on the morning of the 5th because of the PFASs in firefighting foams stakeholder info session and Q&A, but others would be.

Apologies

PS. Agree that its so far so good. I was at the Chemical Watch Global PFAS 2022 meeting yesterday and there is a lot of interest from stakeholders on the all PFAS approach. We will have a lot of consultation responses to deal with.

Dear [REDACTED]

With interest I have followed the RAC discussion on the conformity of the FFF dossier. I think the discussion went quit well, with support for the approach and focus on the environmental concern.

A gentle reminder for my email from last week.

Kind regards,
[REDACTED]

Subject: 4/5 April The Hague, UPFAS meeting

Dear [REDACTED]

On Monday 4 April (starting 9.00) till Tuesday 5 April (ending around 14.00), we will organize an in-person meeting on the UPFAS restriction in The Hague (NL).

During this meeting we will discuss several aspects regarding the dossier preparation, like a follow-up of the draft entry text, proposed concentration limits, possible degradation, SEA etc.

I would also like to invite you and some of your colleagues ([REDACTED] [REDACTED] [REDACTED] ..?) for this meeting. Since I would like to have the size of the meeting limited, 2 or 3 persons from ECHA would be the max. Attached you will find a first draft agenda.

Please let me know if you are interested to join the meeting.

Kind regards,
[REDACTED]
