Duffy O'Briant - SS-9  
Manuel Perez - 51D  
Albert Solis - 2PD  
Allen Tovrea - 33D

The next Hourly Safety Committee Meeting will be held on June 28, 1983 at 1330 hours in the large conference room in the Personnel Building.

One of the concerns of the Plant Manager is how to get more involvement of the hourly personnel in the plant STOP program. Although many of the Craft Leadmen and Chief Operators have been through the STOP training program, we are receiving very few STOP observations from them. Please be prepared to discuss this, and make your recommendations as to how we can increase their participation. Greg Daues, LP&S Superintendent, will join us for this activity.

Please plan to attend the meeting.
