THE OHIO ELISCH COMPANY
OK-47-51 (G-14832) RB-139

Gentlemen:

We are enclosing herewith original and duplicate copies of our contract dated April 28th covering the necessary repair work for:

- (1) Furnishing and installing the necessary insulation to the Hanger Rods and Ferrules and Boxes over the pressure expansion joints as follows:
Pack the Boxes with Rock Wool to 16 lb density, and over the Ferrules around the individual Rods apply 2" thick pipe covering.
- (2) Furnishing and installing the necessary insulation to the Hanger Rods above the expansion joints with 2" thick pipe covering to a height of three (3) feet; and this covering, as well as the covering over the individual rod Ferrules to be finished with 8 Oz canvas applied with "Arabul" adhesive to match the customers finish on their pipe covering.

We require your invoices, in quintuplicate, covering this work in the amount of \$840.00, per boiler, broken down into material and labor.

Both copies of the contract are to be executed by affixing your signature and returned to us. We will then sign and forward the originals to you, for your files.

We require from you, immediately, certificate of insurance, in triplicate, indicating you are properly covered with Workmen's Compensation and Public Liability Insurance.
