Sarah,

Good morning. It's Troy Olsen with Woodford in Colorado Springs. We met at the Broadmoor event last Thursday. Have you had a chance to review the letter I provided you with our comments on EPA's proposed rule?

I know you are busy and appreciate your time. We just want to keep on this since we have addressed our concerns with Administrator Pruitt. I'm also willing to travel to D.C. And meet with you to discuss this if that would make it easier.

Let me know.

Troy
