Medical and Exposure Records

You have the right to examine and copy your personal medical and exposure records, and studies concerning your working conditions or workplace, based on exposure or medical records.

Location and person responsible

Your medical records are controlled by ~~Gonoco Inc.'s~~ ^{VISTA Chemical Company's} medical director in Ponca City, Oklahoma. The records may be located in Ponca City or at your plant. In addition, some of you may have had medical examinations performed by private physicians not employed by ~~Gonoco Inc.~~ ^{VISTA Chemical Company}. The records for these examinations remain in the control of the private physicians.

Employee exposure records and analyses using exposure or medical records are maintained by:

Right of access

~~In addition, some of these records may be in Gonoco Inc.'s computers in Ponca City.~~

If you wish to examine or copy any of your medical or exposure records, you should contact:

Copy of regulations

Your request will be forwarded to the responsible company official, if the records are not readily available.

Your right of access to these records is guaranteed, and in some cases, limited, by regulations of the federal government. You may receive a copy of these regulations by contacting:
